ACKNOWLEDGEMENTS

I wish to place on record my profound indebtedness towards my Supervisor Dr. D.C. Atri, Reader in Botany, Dr. H.S. Gour Vishwavidyalaya, Sagar, for his valuable guidance, needful suggestions, constant encouragement and timely help during the course of the studies.

I am really unable to express my heart-hidden feelings, respect and gratitude in words to my Co-Supervisor Dr. V.K. Sonakia, Associate Professor, Deptt. of Agril. Botany and Crop Physiology, JNKVV, Jabalpur, for his keen interest, constructive criticism, illustrative guidance and generous help which he provided to me during the course of this investigation.

I am highly indebted throughout my life to Dr. K.M. Vyas, Head, Deptt. of Botany, Dr. H.S. Gour Vishwavidyalaya, Sagar, and to Dr. P.K. Nigam, Professor & Head, Deptt. of Agril. Botany and Crop Physiology, JNKVV, Jabalpur, for rendering their best counsel and help towards attaining the desired experimental knowledge and getting all sorts of facilities in the laboratory and finally refinement of the write-up.

This thesis much owes its existence to the diligence and sheer industriousness from the root level helps rendered by Dr. S.K. Jain, Sr. Scientist, JNKVV Regional Agricultural Research Station, Sagar, and Dr. K.K. Jain, Jr. Scientist,
Deptt. of Agronomy, JNKVV, Jabalpur. It is my proud privilege to express my heart-felt gratitude and venerable regards for their bountiful attitudes, encouraging helps and blessings for building up of my further career aimed at high attainments. I surprise how I will be able to pay back the help received and knowledge gained from them in this accord, in my life span; without which this work could not have seen the light of the day.

My warmest thanks are due to Dr. V.S. Tomar, Senior Scientist, JNKVV Regional Agril. Research Station, Sagar, for his kind cooperation and providing necessary facilities during the course of the study.

I am particularly very much obliged to Dr. A.B.L. Beohar, Sr. Scientist, and Dr. S.K. Mehta, Scientist in the Deptt. of Plant Breeding and Genetics, JNKVV, Jabalpur, for their kind cooperation.

I also take this opportunity to express my cordial thanks due to the unbounded help given by Ku. Shashi Jain, Sister-in-law of Dr. K.K. Jain, for completing my thesis work.

I feel highly elevated and jubilant to express my heart-felt and joyful vote of thanks to my most intimate friend Mr. Anoop Shrivastava, Surveyor, O/o the Assistant Soil Conservation Officer, Dambh, who always stood together with me in each and every difficulties.
I express my sincere thanks to Shri K.G.K. Nair for typing this thesis within a very short span of time.

I reverently express my deep sense of gratitude to my Late parents whose blessings had always been a source of inspiration to me in all my endeavours.

Words fail to express my feelings to my wife Smt. Kanta Nayak, who helped me in lessening the responsibilities of the household burdens and keeping full patience without which it would have been difficult to complete the work.

Lastly, I am obliged to the Government of Madhya Pradesh, Department of Agriculture, for giving me an opportunity for further studies as an in-service candidate.

(A.K. Nayak)

Sagar,
November, 1991
