ACKNOWLEDGEMENTS

I am very grateful to my thesis supervisor Prof. R. C. Tandel for his valuable and inspiring guidance throughout my research work. There are no adequate words to explain his keen interest, immense patience, kind advice, sustained encouragement, constant help and thought provoking discussions that I had with him during this time. I am grateful to him for revealing me the richness of some basic synthetic organic chemistry. It was a great experience to work with and learn so many things from him both as a scientist and as a human being. He has always encouraged not only in becoming a good researcher but also a good human being as well. It has been a great pleasure and I really enjoyed working with him.

I would like to express my gratitude to Prof. N. D. Kulkarni, Head, Department of Chemistry, Faculty of Science, The M. S. University of Baroda, for providing me the necessary research and infrastructure facilities available in the department.

I wish to express my gratefulness to Prof. B. V. Kamath and Prof. S. G. Devi, former Heads, Department of Chemistry, Faculty of Science, The M. S. University of Baroda, for their keen interest in my research work and also for providing adequate research facilities.

I wish to express my gratefulness to Prof. R. A. Vora, former Head, Applied Chemistry Department, Faculty of Technology and Engineering, The M. S. University of Baroda for their keen interest in this work and valuable suggestions and useful discussions.

I am thankful to Prof. P. T. Deota, Head, Applied Chemistry Department and Prof. C. J. Panchal, Applied Physics Department, Faculty of Technology and Engineering, The
M. S. University of Baroda, for providing with Polarizing Optical Microscope facilities.

I take this opportunity to thank Prof. Sandeep Kumar, Raman Research Institute, Bangalore, for providing some of their facilities to carry out some of our analyses.

I would like to acknowledge Mr. D. B. Chauhan, Sun Pharmaceuticals Ltd, Vadodara and Dr. Jigar Desai, Zydus Cadila, Ahmedabad for recording NMR spectra and DSC analyses.

I am thankful to Prof. A. V. Bedekar for providing specific optical rotation of some of my research samples.

I especially thank Prof. S. R. Shah for encouraging me to join the research in Department of Chemistry and also thankful to my PG dissertation guide Prof. N. V. Purohit with whom I have started my journey of research.

I sincerely thank all teaching and non-teaching staff members of Department of Chemistry for their valuable and timely help throughout my research work.

The financial support obtained from Department of Chemistry, The M. S. University of Baroda, Vadodara for providing C. C. Shroff Research Fellowship and UGC, New Delhi for providing JRF and SRF under the scheme Research Fellowship in Science for Meritorious Students (UGC-RFSMS) are gratefully acknowledged.

I would like to thank all my lab colleagues for their cooperation and support.

I am sincerely thankful to my seniors, Dr. Jagdish Patel, Dr. Sunil Shah, Dr. Sudhanva Navathe, Mr. Niken Desai, Dr. Angshuman Pal and Dr. Nikunj Bhatt. I appreciate the kind of help, co-operation and encouragement given to me by them.
I wish to thank my friends and research colleagues Shardul Bhatt, Harsha Patel, Jigar N. Soni and Kanu Katariya. I had very useful discussions with them on both academic and non-academic matters and I had enjoyable time.

I am lucky to have Darshan Parmar, Vijay Desai and Vijay Pandya as my best friends. I appreciate their inspiration, encouragement and motivation given to me throughout my research tenure and till date.

I would like to thank a well maintained Shrimati Hansa Mehta Library (University Library) and their staff for providing me excellent, timely and significant helps in literatures including books, journals and theses.

I also thank various other departments of Faculty of Science including administration section, account section, canteen facility for their constant support throughout my Ph. D. life. I have also enjoyed NESCAFE facility in the campus and TEA at the famous landmark of Vadodara i.e., DAIRY DEN CIRCLE.

I am heartily thankful to my sister Mrs. Bina Patel, Jijaji Mr. Mayank Patel and my sweet nephew Maurya Patel for their constant support and encouragement throughout my research work.

I also appreciate kind of co-operation and encouragement given to me by my father-in-law Mr. Sureshbhai R. Patel, mother-in-law Mrs. Jyotikaben S. Patel and Mrs. Meenaben S. Patel, brother-in-law Yagnesh and his wife Dixita.

I simply thank God that He made Kinnari to be my life partner. Her strong support and her faith in me made this work possible.
My deep gratitude to my joy and heart’s delight my daughter Isha and my sunshine son Navya for being a constant source of affectionate encouragement.

And above all, the blessings and wishes of my real God my parents Mr. Kantilal M. Patel and Mrs. Manjulaben K. Patel who strengthened my determination to achieve my goal.
