ACKNOWLEDGEMENTS

I deem it a matter of great pleasure in expressing my heartfelt sense of gratitude and profound indebtedness to Dr. A.D. Adoni, Reader in Botany, University of Saugar, Sagar, under whose invaluable guidance and kind supervision this study was conducted.

I am also thankful to Prof. G.P. Mishra, Head, Department of Botany, University of Saugar, Sagar for providing me laboratory facilities during this work.

I am indebted to Dr. R.N. Dakwale, Reader in Environmental Biology, A.P.S. University, Rewa and Dr. A.K. Yadav for valuable discussions and suggestions. I tender my thanks to Mr. P.K. Singhal and Mr. G.M.A. Ramani, the other two research associates, for their company at field.

I am extremely thankful to Prof. S.B. Saksena, Visiting Professor, Department of Botany, Jiwaji University, Gwalior and Dr. A.S. Bhatnagar, Principal, I.P. College, Bulandshahr for their continuous encouragement and inspiration.

In the last, I am thankful to my wife, Mrs. Chitra Saran, for assisting me in several ways to complete the present work.
I extend my thanks to all my teachers, colleagues and friends for taking keen interest in my progress.

University Grants Commission, New Delhi has provided me financial assistance in the form of Teacher Research Fellowship, which I gratefully acknowledge.
