ACKNOWLEDGEMENTS

It is a great privilege to acknowledge my heartfelt gratitude and venerable regards to Dr. K.M. Vyas, University Professor and Head, Department of Botany, Dr. Hari Singh Gour Vishwavidyalaya, Sagar (M.P.) and Dr. R.S. Sharma, Associate Professor, Department of Agronomy, Jawaharlal Nehru Krishi Vishwa Vidyalaya, College of Agriculture, Jabalpur (M.P.) for their able guidance, constant inspiration, constructive criticism and useful suggestion during the course of investigation and preparation of this manuscript.

I also express my sincere thanks to Professor B.L. Mehrotra, the honourable Vice Chancellor, Dr. Hari Singh Gour Vishwavidyalaya, Sagar and Dr. K.S. Jolwar, the honourable Vice Chancellor, Jawaharlal Nehru Krishi Vishwavidyalaya, Jabalpur for providing necessary facilities to carry out this investigation.

My words fail to express my gratitude to Dr. V.S. Tomar, then Senior Scientist and Dr. S.K. Jain, Senior Scientist, J.N.K.V.V., Regional Agricultural Research Station, Bamori Seed Farm, Sagar for providing necessary facilities to undertake the field trials at the station during the period of investigation.

I am also thankful to all the staff of Botany Department, Dr. Hari Singh Gour Vishwavidyalaya, Sagar, RARS, Bamori Seed Farm, Sagar and Soil Testing Laboratory, Sagar for their valuable help and unforgettable suggestions in connection with the research studies.

My words are unable to express the heartfelt gratitude to my parents/guardians and all the members of my family for their
love and overflowing blessings which proved a boon for me in all my
endeavours. It is an unforgettable piece of time for me when my father-
in-law Shri B.V. Dubey, mother-in-law Smt. Indira Dubey, wife Smt.
Anita Dubey and even children who helped in real sense and constantly
inspired me during this period of investigation.

I am also thankful to Shri S.D. Deousker, who typed my
thesis in time.

Sagar
