ACKNOWLEDGEMENT

It is a pleasant privilege for me to express my deep sense of gratitude and indebtedness to Prof. K.N. Vyas, Head, Department of Botany, for his kind supervision, competent guidance, helpful suggestions, constant encouragement, ungrudging help and keen interest during the entire period of my research work, without which his work would not have been completed and possible.

I am extremely thankful to my beloved didi Dr. Seema Malaiya for invaluable, inspiring, caring, exquisitely superb help in solving many difficulties, co-operation and encouraging attitude throughout the period of this investigation.

I am extremely thankful to Dr. Neeraj Khare and Dr. Neeru Jain for their help in phytochemical studies.

I am very greatful to Prof. S.C. Agrawal, Dr. A.N. Rai and Dr. S.K. Shrivastava, Dr. S.P. Bajpai for their generous help in various ways.

I would like to thank Prof. S.P. Banerjee, Head, Department of Chemistry, for providing laboratory facilities during phytochemical analysis.

I have no words to express my heartiest gratitude to Mr. R.P. Verma, Forester, Forest Research Centre, Amarkantak, for the kind help in identification of plants and providing
literature on the subject during the field tour studies.

I am also thankful to my senior colleagues; Dr. Archana Mehta, Dr. S.A. Firdousi and Mrs. Madhu Sthapak, Plant Pathology Lab., Department of Botany, for giving me encouragement and helping me throughout the period of my research work.

It is a matter of great pleasure at this moment to express my sincere gratitude to my research colleagues and friends Pradeep Tiwari, Ravi Prakash Agrawal, Jaya Shrivastava and Divya Khare, for their help and co-operation in carrying out the research work.

I wish to offer my thanks to Ashwini, J.P., Chakradhar, Kunendra, Prashanth, Sandeep, Neelesh, Arvind, Devendra, Anil, Rajendra, Arpana, Seema, Monika, Savita, Sangeeta, Bhawana and all my other colleagues for their warm appreciation and encouragement throughout the course of present study.

I express my deep regards to my Papa-Mummy and my Family members for their extreme love, constant blessing, encouragement, lively support and everything provided me throughout my academics.

I delight to express my love to my younger sister Anju and brother Anurag for their deep sense of affection.

I shall never forget the moments of pleasure, inspiration, moral courage and friendship given to me by my fiance Raj, which spurred me on. I am obliged to my
Relatives for their valuable help and encouragement.

I owe my greatfulness to M.P. Govt. for giving State Merit Scholarship.

I am greatful to the Director, C.D.R.I., Lucknow for Recording spectra incorporated in the thesis.

I must thanks Mr.K.K. Dixit, Mr.J.P. Chaubey, Mr.Sharad Soni, Mr.A. Nagaria, Ratan Dada and Halkai Dada for co-operation in supplying the inventory, photography and plants collection on field.

I am also thankful to Aman Dada, Ravi Shankar Dada and all gardeners for helping me in collection of plant materials.

I express my thankful regards to various tribal medicinemen, Villagers and Foresters of Sagar and Amarkantak area, for their suggestions regarding the medicinal uses of local plants for collection of materials from forest areas and their local identification.

My thanks are due to Network Computer Centre, Neeta Typing Centre and Sipolya Photocopy Centre for efficient typing and photocopy and Central Instrumental Laboratory for their co-operation in technical work.

I am thankful to one and all who where involved directly or indirectly in this venture of mine.
