A. HAEMATOLOGICAL STUDIES
  1. Introduction 1 - 15
  2. Material and Methods 16 - 32
  3. Observations
     a. Effect of pesticide on behaviour. 33
     b. Acute toxicity effect of pesticides on haematological parameters 34-42
     c. Chronic toxicity effect of pesticides on haematological parameters 43 - 64
     d. Cumulative effects of various pesticides on blood cells 65 - 70
  4. Discussion. 71 - 90

B. BIOCHEMICAL STUDIES
  1. Introduction 91 -105
  2. Material and Methods 106-111
  3. Observations
     a. Acute and Chronic toxicity effect of pesticides on total serum protein 112-118
     b. Acute and Chronic toxicity effect of serum Glucose 119-124
     c. Acute and Chronic toxicity effect of serum cholesterol 125-132
  4. Discussion 133-145
  5. Abbreviations 146
  6. Summary 147-158
  7. References 159-176
  8. List of Publications 177
