ACKNOWLEDGEMENT

Success can never be achieved alone by a man through out the period of struggle or in an attempt to achieve a goal. And simultaneously it is not possible to give a vivid account of all sorts of co-operation obtained from so many persons at different stages of work and in different ways.

Firstly, I express my heart full gratitude to my Supervisor and moral supporter Dr. D. K. Saraf, Reader Department of Zoology, Dr. H. S. Gour University, Sagar. He is always being a fountain of inspiration for me. He helped me in plural ways and provided a congenial environment to undertake this formidable task.

I am thankful to Prof. O.P. Gupta, Head Department of Zoology, Dr. H. S. Gour University for giving permission to conduct my research work in the departmental laboratory and also providing facilities for the completion of my research work.

I am deeply indebted to my co-supervisor Prof. S. P. Vyas, Head, Department of pharmaceutical sciences. He helped me a lot in my work, his way of working inspired me and I think that I am the one among few who got an opportunity to work with him.

I express my great fullness to all the members of the teaching staff of Zoology department Prof. S. Sahai, Prof. S. Bhargava, Prof. A.K. Raizada, Prof. S. Banerjee, Dr. J. Ahi, Dr. M. Bhide, Dr. U.S. Gupta, Dr.V. Sharma, Dr.S.Jain, Dr. A. Tiwari and Dr. M. Skidlar for their timely help. I express my thankfulness to Prof. T.S.S. Rao, Department of Chemistry for helping me in my research work.
There have always been true friends, willing to share one's joys and sorrows and make sacrifice for their friendship. I have such friends who make my research work so easy and help to complete it in the present form. Such friend includes Sweta, Umesh, Subheet, Mridul and Shikha didi.

Moreover, Research scholars of Zoology Department like Subhra, Rekha, Preeti, Ujjwal, Mamta, Shikha, Manisha, Anju didi, Sapna, Swapnesh and Research scholars of pharmaceutical sciences, Paramjeet Sir, Sanyog Sir, Mohan Sir, Praveen Sir, Prabhakaran Sir, Vivek Sir and Jagannath gave their precious time and the brief sessions of entertainment that they continued to offer through their quips and wits, literally sandwiched my hours of work with such moments of respite that helped me tide over the tedium of sustained work.

I like to thanks Hemant Pathology for doing some sort of blood parameters over there. I would like to thanks Jawaharlal Nehru Library, Sagar, Library of CDRJ, Lucknow and NML, New Delhi for using their vast literature.

As perfection comes when each component of the extract take its own role in a pharmacognostic investigation, many individual like Chaturvedi sir, Pandaya sir and lab attendant Ajay Bhaiya, Raju Bhaiya, Ratan Bhaiya, have taken their share by offering helping hands.

I would have taken this opportunity to express thanks to Sanjuli collection for typing and formatting my work in the present form.

And lastly I am very much thankful to my loving parents and brother because they always encourage me and gave moral support to me. Nothing is possible without their helps.
