ACKNOWLEDGEMENT

The present work was taken up at the suggestion of Prof. D.S. Srivastava, M.Sc., Ph.D. (Belfast), F.R.M.S., F.R.E.S., F.Z.S. (Lond.), F.Z.S.I., F.N.A.Sc., Professor of Zoology & Dean, Faculty of Science, University of Saugar, Saugor, M.P. (India), under whose supervision it has been carried out. I wish to express my sense of deep gratitude to him for constant encouragement and interest in the work and helpful suggestions and criticisms from time to time.

I also wish to place on record my gratitude to the Ministry of Education, Government of India, for awarding me a Research Scholarship for a period of three years which enabled me to carry on the research work embodied in this thesis.

K. Kanaka Durga Das
