It has helped me enormously to complete my chapter on hazardous waste management.

Ms. Rana has introduced me to Mrs. Moninder Bubber, Librarian in Simon Fraser University, British Columbia Canada, I admit that my work would have been incomplete without her help as she mailed me lot of study material on Canada and even send me some scanned articles and books useful for my thesis. Therefore I am grateful to Mrs. Moninder Bubber for her precious help she provided me in writing the Canadian part of my thesis.
