ACKNOWLEDGEMENT

Who believe in the Unseen, Are steadfast I prayer, and spend out of what we Have provided for them. And who believe in the Revolution sent to thee, and sent before thy time, and Have the assurance of the Hereafter (Al-Baqrah)

It gives me immense and fathomless pleasure to place on record my profound sense of appreciation and indebtedness to my supervisor Dr. (Mrs.) Manju Shama, Assistant Professor, Department of Pharmacology who provided much needed constructive criticism, unending inspiration, valuable and pains taking guidance, encouragement, untiring and constant help and above all her positive attitude towards my abilities made the achievements of this goal, a challenging, enjoyable, rewarding and stimulating experience.

I deem it a proud privilege to express my heart felt gratitude to Dr. K. K. Pillai, Professor and Head, Department of Pharmacology, for his unending zeal and facile suggestions and for providing me all necessary facilities timely, during the period of work. His scholarly suggestions, immense interest helped me in moulding my research work. I will remain in debt to him for whatever he transfer as knowledge and making me from beginner to master in term of techniques, experimental designing and scientific writing.

I thankfully acknowledge Dr. Khalid Umer Khayyam, Head, Department of Epidemiology and Public Health, LRS Institute of Tuberculosis and Respiratory Diseases for his guidance, supervision, providing resources and subjects, offering direction, passing me many leads, discussing human factors, and helping me to set up the project in the first place. I acknowledge the encouragement he provided during my work as well as the last stage of development of my thesis.

There are no words to express the feeling of gratitude, I have in my heart, for Late Alhaaj Janab Hakum Abdul Hameed Sahib, founder, former Chancellor, Jamia Hamdard and Mr. Abdul Mueed Sahib, for the creation of the temple of knowledge called Jamia Hamdard.
I extend my warm thanks to my friends, Dr. Khalid ul Rahman, Dr. Muzaffar Iqbal, Mr. Shamsheer Alam last but not the least Dr. Afroz Baksh, Dr. Khalid Anwer, for their co-operation during my work and among whose company I spent my memorable years.

I could not have brought my work to a super-finish without the timely and precious guidance extended to me by the medical staff of the DOT Centre under LRS Institute of Tuberculosis and Respiratory Diseases namely Mr. Sanjey Kr. Saroj, Ms. Kusum Lata, Mr. Sanjey Misra, Ms. Babita, Mr. Shiv Kumar, Ms. Seema, Mr. Israrul, Mr. Anil Misra, Mr. Ajit, Ms. Vandana, Mr. Vikas, Mr. Sanjey Yadav, Ms. Shafiy, Mr. Upender Mejhi, Mr. Atul, and all other staff, my heartfelt thanks to all of them.

I am thankful to Dr. Farhan Jalees, Mr. Abid Kamal and Mr. Mushtaq for helping me to carry out the experimental work in CII. I also acknowledge the help provided by the staff members of Hematology and Biochemistry Department of LRS Institute and Pathology Department at Majeedia Hospital, Jamia Hamdard.

I express my sincere thanks to seniors, colleagues, and juniors Tausif Bhai, Tarique Bhai, Gyas Bhai, Pervez Bhai, Sohail Bhai, Ejaz, Danish, Mustafa, Sarfaraz, Daud, Sallaudin, Manjur, Afroz, Adil, Imran, Iqbal, Khusroo, Qurkan, Quisar, Shafiq, Sohrob, Jahangeer, who helped me a lot in carrying out the work.

Very special thanks to my family members, for their co-operation during my work and encouraged me to do the best. I don't have words to express my emotional feelings towards my Mother and Late Father, brothers Firoz, Shadab, and SimaS and sisters Masarat, Nusrat and Gulnaaz who showed their love and affection on me, even though living miles apart from me and without whose blessing the aim could never be achieved.

Lastly, I would like to thanks all those who in whatever degree contributed their bit in the completion of this thesis

(Faisal Imam)
