My affectionate father and my loving mother, I found them around myself always to enjoy my delighted moments and to share my exhausting times. Their forever support in everything, where I expired, and their constant applaud on my success, gave me strength to counter tiring burden of setbacks. Their wisdom and experience taught me morality and transformed me into a better individual. No doubt it can’t ever be enough to convey our appreciation through words for our parents, most simple mean I can have in my mind to repay them is through prayers.

Lastly, All the praises and thanks be to ALLAH, the Lord of the Alamin. The most Gracious, the Most Merciful. The only Owner (and the only Ruling Judge) of the Day of
