Acknowledgements

Everything that has a beginning has an end, and hence it is coming to an end, with imprints of many unforgettable memories. Well, this has been a long and at times it felt like a never ending journey. If it was not for writing up the thesis, I would have liked to continue the journey further. It is a great pleasure to express my deep gratitude to everyone who helped, guided and encouraged me throughout this period.

Well, this work was possible only because of my adviser Dr. Sanjay D. Dhole and I will always be indebted to him, giving me the training required to work things out and always encouraging me. In his own way, he encouraged me to pick up many skills, physics as well as computation related and always gave me freedom to interact with others. I am sure the training will help me to survive in the mean world of research which I will be shortly entering. He always try to develop me as an independent researcher. He gave chance to develop myself and my computational knowledge. The co-operation extended by him towards me during all phases of my research work as well as personal life is gratefully acknowledged. Without him, it would not have been possible to complete this Ph.D. work. I enjoyed being here and am enriched by many dimensions being a student of the department. Mrs. Dhole has also provided constant support.

It is my utmost pleasure to express my deep sense of heartfelt gratitude towards Prof. V. N. Bhoraskar for permitting me to use all available facilities in lab. His keen guidance, encouragement and help during all phases of work is invaluable. Since my joining of this lab, not a single day has been spent without exploring and experiencing his new aspects of expertisation in teaching, research, maintaining human relations and resource management. The whole association enticed me to make myself walk on the trails left by this eminent professor. I am indebted to Prof. (Mrs.) S. V. Bhoraskar. She is the constant source of inspiration to all of us. I do respect her profound knowledge.

From the initial stage of Ph.D. my Aai and papa have supported me till today. My papa has always discuss various issues and the concluded remarks are
always helpful for my success. All time he guided me how to maintain the body fit and energetic for every days schedule by Yoga’s. Without his support, I could not complete the work. Aai always pray for my success. Wherever, I called her, she gave me the power of success. I have no words to express my gratitude to my wife Prajakta, who has been supportive in all ways. She let me pursue my Ph.D. So many things were pardoned just because I was doing a Ph.D. and needed my own freedom. One of the best supporter to the work is my brother Atul, as a Mechanical Engineer. He is younger than me but he not even handle the family responsibility but helped me at lot of places and show me the right direction whenever required in my Ph.D. work. Since the work mostly contain design of targets and sources his help was from mechanical point of view. Arati had taken precaution that how can I concentrate on my thesis writing. Prajakta, Atul and Arati had kept the cheerful environment in home that always release the tension of work.

I am thankful to the Director, SAMEER and Mr. R. Krishnan, Head, Medical Physics Division, SAMEER, Mumbai, for providing the Linear Accelerator facility for experiments. I am also thankful to Mr. S. N. Pethe and Dr. S. T. Chavan, SAMEER, extending their help during various experiments conducted at SAMEER and at Pune University. They have always been flooded with novel ideas and it was a joint effort with Dr. Dhole which made this thesis possible. Dr. Chavan has always provided help on the problems in research and personal life. I could not forget the fruitful discussions with eminent scientist which we have made at ICTP, Italy. Dr. shaikh from BARC, Mumbai has extended his helping hands toward performing the experiments of neutron radiography facility at APSARA reactor, BARC, mumbai. He taught me the neutron radiography.

I am also thankful to our former head of the Department and present Head, Prof. P.B. Vidyasagar / Prof. C.V. Dharmadikari for kindly extending all departmental facilities during my Ph.D work. I would like to show my gratitude to the faculty in department especially Prof. S.I. Patil, Dr. M.A. More, Prof. S.R. Jadkar, Dr. S.W. Gosavi.

I am very much thankful to Mr. Deepak Bankar, who developed me as a independent Linux user. Whenever, I stuck up, he helped me with giving his own time. I never forget his help in my personal life too. Also, at this great moment I could not forget my roommates Mr. Vivek Jadhav, Mr. Yogesh Jadhav, Mr. Chhotubhai Patil, Mr. Dinesh Jadhav, Deepak and Atul. Living away from home is difficult task (specially those who are bit homesick), but my roommates made
it easier. Thanks for relaxing and funny moments we share during all phases of time. Also we shared the best moments of life.

I have a great pleasure in extending my sincere thanks to my past and present lab-mates Dr. Shailendra Dahiwale, Dr. Santosh Mahapatra, Dr. F.M.D. Attar, Dr. Narendra Mathakari, Dr. B. Lalremruata, Dr. Abhijit Bogle, Dr. Prashant Alegaonkar, Avinash Deore, Kailash Sapnar, Ganesh Tambave, Vikas Mulik, Shahzad Akhter, Amol Pawar, Chhotu Patil, Vinod Kulkarni, Nandkumar Mandlik and Vijay Jadhav for their help and kind co-operation during all these years.

Finally during these years there were many friends from department who accompanied me, some of them left earlier and some are still around. Dr. Indrani Banerjee, Dr. Harshada Nagar, Dr. Nandan Tandon, Dr. Somesh Battacharya, Dr. Naveen Kulkarni, Dr. Srikanth Kundu, Sandip Patil, Padmakar Chavan, Ranjit Kashid, Deodatta Shinde, Ashok Navale, Abhijeet Sonawane, Neelam Chavan, Sunil Patil, Yogesh Sonawane, Mubarak Mujawar, Shashi Shinde, Yogesh sawane, Alka Deshmukh, Uday Pawar, Shashi Gunjal and many more for their help (sometimes without concerning to their respective guides) and making my Ph.D. journey more cheerful! Also, thanks to Mr. Bhushan D. Patil, for sending me research papers which were inaccessible from Pune University. I would like to show my gratitude to my friends and their families Adinath, Bhausaheb and Yogesh. I would like to thanks to my brother-in-law Mr. Chetan Patil for helping me in various issues.

I would like to express gratitude towards all non teaching staff and account staff of the Department of Physics, University of Pune, Pune. I admire unconditional support from Miss. Pradnya Mokate. The constant help by Bajirao More is remarkable. Thanks to Mr. Aaghashe for making successful digitization of radiographs after lot of efforts. I am grateful to Mr. Amey Pore, Mrs. K. Ovhal, Mr. Sayyed for the help provided during Ph.D. time.

I have some well wishers from my hometown Dhule, who actually initiated the journey to pune and of Ph.D. are Dinesh Sonawane, Gopal Saindane, Sandip Mali, Jitendra Ahire, Sachin Patil, Ajay Patil, Mukesh Gurav, Vijay Bagul and Nitin Patil.

I wish to thank SAMEER, Mumbai for awarding me a Junior Research Fellowship and Senior Research Fellow during my Ph.D tenure. My sincere thanks to ICTP, Italy for selecting and providing the financial assistance, towards attending the school and workshop at Trieste, Italy. Also thanks to DST, New
Delhi and Organizing committee of ECAART10 for providing funds to attend the conference in Athens, Greece.

The sincere thanks to the authors of FLUKA, who has provided constant help to sort out the queries through quickest way.

At last but not least I would like to thanks to the blessings on me by my maternal and paternal grand mother. My Mother-in-laws and Father-in-laws have also supported me throughout without questioning the uncertainties involved with Ph.D. only because I was willing to accept them. This work would certainly not have been possible without their support. I would like to thanks to my brother Mr. Nandkishore Gujar, Mr. Prahlad Patil and all my relatives for provided constant support and blessings. Also, I am thankful to Ganesh Mess for providing best food in Bachelor stage. I am graceful to all those who helped me directly and indirectly for completing the Thesis work.

Above all thanks to ALMIGHTY for his blessings.

September 2010 Mr. Bhushankumar Jagannath Patil (Amol).

Pune
