ACKNOWLEDGEMENT

“my God, my rock, in whom I take refuge, my shield,
and the horn of my salvation, my stronghold and my refuge,
my savior; you save me from violence. for I call upon the LORD,
who is worthy to be praised” – II Samuel 22:3-4.

With these words, I praise and thank my heavenly father, Jesus Christ with all my heart, with all my soul and with all of my strength for giving me the good health and strength to do the research work successfully.

It is my first privilege to thank and honor my parents, Mr. I. Selvan Christiraj & Mrs. S. Joyce and often this work are dedicated to my beloved parents, whose strength and determination have imprinted in every aspect of my life throughout the studies. Their daily prayer for me and their everlasting blessings supports me in all the ways of my research carrier. I also thank my sister Mrs S. Jasmine Ebaneser, my brother Mr. S. Johnson Retnaraj Samuel and all my family members for their constant support in making the decisions and their criticism, which make my life a successful and fruitful one. In addition to this, my life was shaped by many people through their experience, which teaches me a lot of lessons during the studies [2009 – 2013]. It is important and my privilege to list, all the people who were behind in this research work.

First of all I thank my guide, Prof. Sivasubramaniam Sudhakar for his valuable guidance, support, criticism and encouragement to complete my thesis work successfully. I have appreciated the way, he provided much needed direction for the project, which took on many unique and challenging questions, to solve it successfully with his guidance.
My Sincere thanks to faculty members Dr. S. Umamaheswari, Dr. D. Ganesh, Dr. R. Soranam, Dr. S. Emmanuel Joshua Jebasingh and Dr. M. Uthiralingam of Manonmaniam Sundaranar University, for their constant support and kind help during the research period. My special thanks to our Department official members, Mr. A. Amal das, Mr Vanarajan and Mrs. R. Pitchamal, for their constant support and help, which fulfills all the research & official stuffs politely.

In addition, I thank Prof. Kasi Pitchumani, Dean of Natural Products Chemistry, Madurai Kamaraj University and his research scholar Mr. V. Tharmaraj for their constant support throughout the analysis part of fluorochrome compounds in the earthworms.

I thank the official members from the Planing and Development section (P&D), Finance section (FO), University Development Section (UDS), Research Section and other officials for their constant direct & indirect support, which make the official things quite calm and simple.

It is important to acknowledge the funding agency, which is the backbone for my thesis by providing the financial assistance. My deepest gratitude to University Grants Commission (UGC) for providing the fellowship through UGC Major Research Project and with Maulana Azad National Fellowship (MANF) scheme. I am in the fellowship as Project fellow, MANF-JRF and MANF-SRF as MOMA scholar (Ministry of Minority Affairs) from 2009 onwards.

My special thanks to my best friend, Mr.S. Palaniappan, for their moral support and advice throughout my Ph.D studies.
It is my personal obligation to thank my PG friends, S. Johnson Retnaraj Samuel, C. Bala Amarnath, K. Kannadasan, R. Shanker, H. Sridhar, T. Saravanan, J. Karthikeyan, M. Kumaravel, M. Nagaraj and M. Manikandan for their inspiration and possible help during my Ph.D studies.

I thank Dr. Ramesh, Dr. Mophine kani, Dr. Sathish Prabu, Dr. Selvakumar, Dr. Thilaga, Dr. Mercy, and Dr. Sangeetha for their constant support and teaching statistical techniques. I won’t forget each and every information which I got from the doctorates.

My special and sensational thanks to Research Scholars Mr. S. Johnson Retnaraj Samuel, Mr. H. Sridhar, Mr. RM. Kalidas, Mr. M. Natarajan, Mr. R. Veeraragavan, Mr. S. Elaiyaraja, Miss. Y. Beryl Vedha, Miss. J. Jegathambigai, Miss. G.D. Nino, Mr. Ramesh, Mr. S. Dinesh Kumar, Mr. P. VasanthaKumar, Mr. S. Nagoor Meeran Mydeen, Miss. J. Yuvarani and Mr. P. Sivakumar.

Part time project students, whose presence in the department and their friendship make the lab environment always happy. It is the time to recall all of them, Mr. Arun from Kalasalingam University; Miss. Edith Arul Jane, Miss. K. Amutha and Mr. Ramar from Tamil Nadu Agricultural University, Coimbatore; Mrs. Blessy, Mr. Mariappan, Mr. Arunananth, Mr. Nithyanandhan, Miss. Premanandhi, Miss. Vidhisha, from Manonmaniam Sundaranar University.

Last but not least, it is my duty to thank Mr. Bala and Mr. Kalyana Sundaram for helping me in collecting earthworms during my research work. Other than this many have directly or indirectly helped me for the successful completion of this research work. I remember and thank all of them.

S. Jackson Durairaj
