ACKNOWLEDGEMENTS

I have great pleasure in expressing my heartful gratitude to Dr. S. Shashikanth, Reader in Organic Chemistry, Department of Studies in Chemistry, University of Mysore, Mysore, for the genuine co-operation, inspiration and affection offered by him right from the initiation of the work to the preparation of the thesis. The present work bears every stage the impression of his wise counsel, concrete suggestions and constructive criticisms. It is indeed a rare privilege for me to work under his enduring inspiration and indomitable spirit.

I record my sincere thanks to Prof. B. N. Achar, Chairman, Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore and ministerial and non-ministerial staff of this department for their co-operation and help during my research work.

I hereby place on my gratitude to Prof. K. S. Rangappa, Prof. K. M. Lokanatha Rai, Prof. D. Channegowda and Dr. Y. B. Basavaraju, Department of Studies in Chemistry, University of Mysore, Manasagangotri, Mysore, for their co-operation and valuable suggestions.

My sincere thanks to Dr. Prabhu K. R., Senior Scientific Officer, and Mr. M. N. Murthy, Department of Organic Chemistry, IISc, Bangalore and Prof. Prahlad, Scientific Incharge, University Scientific and Instrumentation Centre, for recording NMR spectra.

A special word of thanks goes to Dr. Shaukath Ara Khanum, for having stood by me through all the highs and lows I faced during my research tenure. Her help and suggestions during the course of work and preparation of the thesis are specially acknowledged.

My sincere thanks to Dr. B. S. Sudha and Dr. Lavali Devi, for their kind co-operation and valuable suggestions, which helped me all the way during my research work.

A word of appreciation also should go to Ms. Ayiesha Firdouse, Lecturer, Department of Biochemistry, Yuvaraja’s College, Mysore and Dr. Sateesha, Lecturer, Department of Studies in Microbiology, University of Mysore, Manasagangotri, Mysore, for helping me to carry out biological activities involved in the research work.

I express my sincere gratitude to Prof. Nagappa, Department of Studies in Physics, University of Mysore, Mysore, for giving me an opportunity to work in the CSIR project undertaken by him.
I would like to acknowledge my thanks to Mr. Thomas, K. D. Scientist, Syngene Int. Pvt. Ltd, Bangalore for providing spectra.

I cherish the company and encouragement of the following wonderful research colleagues, Dr. Ashok Kumar Singh, Dr. S. N. Sriharsha, Mr. B. K. Manuprasad, Mr. Premsai Rai, Mr. Suresh Babu, Mr. Jayashankar and Ms. Sajitha Emmanuel for making my stay a memorable one.

I am profoundly indebted to my friends Mr. Mithun K. M., Mr. Chamaraj P. A. and all others for their encouragement and loving care bestowed upon me throughout my research work. I am sincerely grateful to them for the moral support extended which made this endeavour of mine a reality.

As I touch yet another milestone in my career with the completion of this research work, I wish to express my present gratitude, the inspiration and constant support given by my beloved mother Mrs. P. S. Kamini, for reassuring adjustments shown during my research work. All the sacrifices made by her are acknowledged with sense of everlasting gratitude.

On their threshold of my achievement, it is right time to express my heartfelt thanks to my brother Mr. Ramananda, my sister Mrs. Nirmala, sister-in-law Mrs. Savitha, niece Riya and Shreya, for their affectionate encouragement and prayers.

T. D. VENU
