ACKNOWLEDGEMENTS

A few lines are too short to make a complete account of my deep appreciation for my Guide/Research Supervisor, Dr. V. A. Vijayan, Professor, Department of Studies in Zoology, University of Mysore, under whose supervision the present work was undertaken. His trust and honesty, kind co-operation, unstinted encouragement, constructive criticism and careful supervision set me on the right track to accomplish this great task complete and to stay 44 months, although away from home, pleasurably at Mysore.

This thesis is the account of scientific work of mine for about four years of study, research and devoted hard work at Vector Biology Research Lab, Department of Studies in Zoology, University of Mysore which would not have been possible without the help of several persons, other than Guide, belonging to the scientific community who had rendered valuable assistance to me in the material fruition of my research. In this regard I am deeply indebted to all of them:

I am thankful to the former chairpersons of the Department of Studies in Zoology, University of Mysore, Prof. Prakash R. Naik, Prof. S. N. Hegde and also to the present Chairman, Prof. S. R. Ramesh for their constant encouragement and for providing research facilities in the Department.

I am also grateful to the former Chairman, Board of Studies in Zoology, Prof. Sadanand M. Yamakanamaradi. I would like to thank here Prof. Shivabasavaiah, present Chairman. I owe my special thanks to one and all of the Board members.

My thanks are also due to Dr. Y.B. Basavaraju and Chairman, Department of Studies in Chemistry, Dr. Shobha Jagannath, Dr. M.S. Sudarshana and Chairman, Department of Studies in Botany, University of Mysore; Dr. B.Y. Sathi and Chairman, PG Department of Biotechnology and Biochemistry, JSS College of Arts, Commerce and Science, Mysore; Dr. S. Sabesan, Dr. R. Rajvel, Mr. Natamjan and the library staff, Vector Control Research Centre (ICMR), Pondicherry, for their help in carrying different parts of my work.

I am highly indebted to my best old friend Mr. Majid Tavakoli, researcher, Lorestan Agricultural and Natural Resources Research Center, Khoramabad, Lorestan, I.R. Iran, who provided a plant sample to to work on. I should also thank M/s. Tagros Chemicals India for providing cypermethrin technical grade.
I would like to acknowledge my appreciativeness to MY FRIENDS Dr. Jamshid Mohammadi, Mr Mahdi Bijanzadeh, Mr Koroush Jalilzadeh, Mr. S. Shivakumar, Mr. S. Shivakumar, Mrs. L. Kusuma, Mrs. M. S. Ranjini, Miss B. Shruthi and Mr. K.S. Raghunandan for their kind cooperation and help.

In ardent sincerity, I would like to convey my special deep heartily thanks to MY LABMATES, who were as my brothers and sisters, Mrs. S.K. Madhu (A. P. Madhumathy), Mr. E.M. Aneesh, Mr Vivek Charles and Mr. B.S. Raghavendra for their kind co-operation and the help extended in the entire manner.

At this juncture, I would like to acknowledge my deep sense of gratitude to MY FRIENDS and FELLOW-CITIZENS Dr. Sattar Kaikhavani, Mr. Majid Moinyzadeh, Mr. Alireza Ghaderi, Mr. Davood Ghasemi, Dr. Mohammad-Ali Robatjazi, Mr. Hossein Shams, Mr. Ahmad Aghazadeh and Mr. Habib Valizadeh for their help and for providing a warm homely atmosphere here.

I am indebted to my beloved parents, brothers and sisters whose ambition and unflagging love made me to cross all hurdles to reach the destiny. It was their loyalty and conviction that acted as a driving force, behind this work. I am indebted to my father for his love and care who is my first and best teacher by his hard-working manner. I feel proud of you, father! I have no suitable word that can entirely convey my appreciation to my mother for her everlasting love to me. My wife and kids – Negar and Sepehr were with me during my Ph.D. work and extended all love and support to me especially when I encountered difficulties and also they never complained in spite of all the hardships in our life. They have always been one of my best counselors and I will be failed in my duty if I do not thank them heartily.

I am grateful to Ilam University of Medical Sciences, Ilam, I.R. Iran for the financial assistance and providing the opportunity to do my Ph.D.

Finally, I thank all those who have been of help to me directly or indirectly during this study as well as in the preparation of my thesis.
