DECLARATION

I, hereby, declare that with the exception of the guidance and suggestions received from my Supervisor Dr. Smita Banerjee, M.Sc., Ph.D. (Saugar), Assistant Professor, Department of Zoology, Doctor Harisingh Gour Vishwavidyalaya (formerly University of Saugar) Sagar, M.P. this thesis is my own unaided work. It is based upon research work carried out at the Department of Zoology, Dr. Harisingh Gour Vishwavidyalaya, Sagar (M.P.) from October 1978 to October 1983. It is not substantially the same as one which has been submitted, for a degree or any other academic qualification, to any other university or examining body. Full references of observations of other workers, wherever taken, have been given in the text. The work is original and that of the author.

PREFACE

I can never adequately express what I owe to Dr. Smita Banerjee, M.Sc., Ph.D. (Saugar), Assistant Professor of Zoology, Doctor Harisingh Gour Vishwavidyalaya (formerly University of Saugar) Sagar, M.P. who supervised my work. It is mainly due to her invaluable guidance; untiring help and constant encouragement throughout the present investigations that I have been able to complete my work.

I am very much grateful to Prof. R.S. Saini, M.Sc., Ph.D. (Saugar), Ph.D. (Cambridge), FRLB, FZS, FRMS, Head, Department of Zoology, Doctor Harisingh Gour Vishwavidyalaya, for his helpful discussions and invaluable criticisms during the preparation of the manuscript in addition to providing me the necessary laboratory facilities.

My sincere thanks are due to all my friends who helped me in various ways from time to time.

My thanks are also due to all my family members for their constant encouragement during the progress of work.

I am also thankful to Mr. R.P. Surviya and Mr. P.S. Nathore for their skillful assistance in the preparation of
the microphotographs and Mr. R.P. Patel for typing the manuscript.

I want to express my deep sense of gratitude to my parents and especially to my father Shri K.D. Pandey for their affectionate encouragement and patience during all these years.

Last but not the least, I feel my sincere duty to extend my heartfelt thanks to my husband Dr. K. Mishra, without his cooperation and help this work would never been completed.

I am indebted to Prof. W.E. Weidhaas, USDA, Florida (U.S.A.), and Dr. A.B. Borkovec, USDA, Maryland (U.S.A.) for the gifts of the chemosterilants.

I further acknowledge thankfully to the award of a Junior and a Senior Research Fellowships by the University Grants' Commission, ew Delhi.
