ACKNOWLEDGEMENT

First and foremost, Praise goes to “Almighty God” who has been kind to me in the sphere of my life and without whose blessing, I would have never been at the position where I am.

This work has been supported by many people but first and foremost I want to express my true and heartfelt indebtedness to my honorific advisor, Prof. (Dr.) Ramesh Chandra, whose valuable advice pedestal support and constant encouragement helped in the completion of this crucial juncture. I will always remember him for his untiring parental guidance, patience and valuable suggestions despite all my lapse and short comings.

I have immense pleasure in expressing my whole hearted sense of gratitude to members of advisory committee Dr. Rajeev Khare, Dr. (Mrs.) Virginia Paul and Dr. (Mrs.) Sangeeta Shukla for all their guidance directions and all the useful inputs and for their critical comments, which enabled me to notice the weaknesses of my dissertation and make necessary improvements according to their suggestions.

I especially want to thank Prof. (Dr.) Ramlal for his guidance on statistics during my research for taking keen interest in my work and providing me his precious time.

I am also beholden to Er. S. N. Thakur and Mr. Biju John for their valuable guidance and co-operation during the period of study.

Thankful acknowledgement is also accorded to Dr. S.K. Kanawjia, Principal Scientist of NDRI for valuable suggestions.

I record my profound thanks to library staff of NDRI, Karnal and IARI, PUSA, NEW DELHI for their help in the collection of literatures regarding this study.

I would like to thank all the members of the sensory evaluation panel for their valuable comments, suggestions and participation.

I warmly thanks to Mr. Patras Masih and Mr. Hardev Ram laboratory staff of WSFDT, SHIATS for their help in conducting this work.

I think words would not be enough to depict on this paper, my feelings about my beloved father Mr.Bakshi B.N. Prasad and my mother Mrs. Nilima Bakshi for their love, blessing, continuous encouragement and inspiration which helped a lot to groom
my personality to face the world boldly. They are the pillar of strength and inspiration which makes me to strive for bright future.

I appreciate all my family members who have always boosted me with their love. My heartfelt gratitude is extended to my ever caring friend Gaurav Srivastava and my younger brother Kumar Ankit for encouragement and moral support.

I have no words to express my heartfelt thanks to my friend’s Akanksha, Nikhat, Gaurav and all my classmates for their kind co-operation and invaluable help.

I would like to thank Rahul for giving suggestions and such a asseverate finishing to my dissertation.

Last but not the least, I would like to thank everyone who is related in anyway be it directly or indirectly with this study for their help and encouragement.
