Acknowledgement

I would like to express my heartfelt appreciation to my Supervisor, **Dr. A. K. Kandya**, Professor, Botany Department, Dr. H. S. Gaur Central University, Sagar; and Co-Supervisor, **Dr. P. Bhattacharya**, presently Professor and Dean, University School of Environment Management, Guru Gobind Singh Indraprastha University, New Delhi for their constant support and guidance with their wealth of knowledge. Their academic discourses and deliberation guided me to form the basis of my research design and framing the analytical framework. In fact they have helped me beyond the normal academic support to help me edit and improve my thesis with their time to time inputs and monitoring support.

I express my sincere gratitude to Prof. P. Mehta, Head of Botany department, Dr. H. S. Gaur Central University, Sagar for letting me carry out my work with full administrative and academic support.

I will be failing short of my duties if I do not acknowledge my respondents. It is not possible to name all of them here but nonetheless my sincere gratitude goes to each one of them, who despite their poverty level did not go to work just to provide me the information for my work without gaining much from this, have helped me to come up with this work.

I am also grateful to the entire academic and research institutions, which I had contacted for gathering information related to the species studied. Not in any specific order, I would like to acknowledge Dr. Moni Thomas, Sr. Scientist, Directorate of Research Services, Jawaharlal Nehru Krishi Vishwavidyalaya (JNKVV), Jabalpur; Dr. Pratibha Bhattnagar, Scientist “D” and Head, Social Economic, Marketing and Forest Utilisation Division; Dr. Archana Sharma, Scientist “C” and Head, Seed Technology Division; Dr. Parvez Jalil, Scientist “C” & Head, Tree Improvement and Tree Breeding Division of State Forestry Research Institute (SFRI), Jabalpur for their valuable information; Dr. A. K. Pandey, Scientist “F” and Head, Agroforestry
Division, Tropical Forestry Research Institute (TFRI), Jabalpur; Dr. S. K. Dhyani, Director; Dr. R. K. Tiwari, Principal Scientist, Horticulture; Dr. Ram Newaj, Principal Scientist, Agronomy of National Research Centre for Agroforestry (NRCAF), Jhansi, Central Agricultural Research Institute (Fruit Crop), Aigania, Bhubaneshwar. I am thankful to the Forest Department of Madhya Pradesh and Odisha for not only allowing me to conduct my research in the forest area but also providing logistic support.

I am also very grateful to the various NGOs for providing me all the logistic support during my field work and also being key respondents in my research. I thank all my ex-colleagues Ms. Lolita Pradhan, Mr. Ganesh Yadav and Mr. Khalid Hassan at Indian Institute of Forest Management (IIFM) for helping me in various ways during the research period.

I thank my husband Mr. Sarvashish Roy for being with me all through the time and without whose constant support it would not have been possible to continue my research work. My son Saransh was away from me most of the time during the research period. His sacrifice is at the top of all. I also thank my sisters, brothers and in-laws for being with me all through the time. Lastly but not the least, I thank almighty God for sprinkling his unprecedented fervours on me by providing strength to carry through the difficult times.
