ACKNOWLEDGMENT

This thesis arose in part out of years of research that has been done since I came to Home Science Department. I have worked with a great number of people whose contribution in assorted ways to the research and the making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

First of all, I would like to say “Satguru”, for giving me the strength and health to do this Ph.D. work until it was done.

I would like to record my eternal gratitude to Prof. G.K. Kochar, Department of Home Science, Kurukshetra University, Kurukshetra, for her supervision, valuable advice, and guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, she provided me unflinching encouragement and support in various ways. Her truly scientist intuition has made her as a constant oasis of ideas and passions in science, which exceptionally inspire and enrich my growth as a student, as a researcher and a professor, I want to be. I am indebted to her more than she knows.

I gratefully acknowledge Dr. Tarvinderjeet Kaur, Assistant Professor, Department of Home Science for her advice, and crucial contribution, which made her a backbone of this research and so to this thesis. Her involvement with her originality has triggered and nourished my intellectual maturity that I will benefit from, for a long time to come.

It is difficult to overstate my gratitude to the Teaching Faculty of Department of Home Science, Kurukshetra University, Kurukshetra
for encouraged me to complete this task so that I will not procrastinate in doing it. I also seize the medium to appreciate to non-teaching staff of my department for their co-operation.

It is an honour for me to give enormous thank to Dr. Harjeet Kaur, Principal Scientist, Division of Animal Nutrition, NDRI, Karnal for providing facilities for completion of this research work and it is a pleasure to thank also to Dr. Khurana National soil Testing Lab, Karnal, for showing his willingness and giving me the opportunity to work on AAS.

Great deals appreciated go to the contribution of all my subjects who volunteered to be part of my research, who gave their blood and had to go strictly by my instructions for six long months. Not forgotten thanking to Mr. Avtar senior lab technician L.N.J.P Hospital, Kurukshtera. I am very much indebted to Dr. Neha, Senior Gynaecologist and staff nurses L.N.J.P. Hospital Kurukshtera.

It is a pleasure to mention handful thanks to DR. G. S. Toteja for his technical assistances during my sample testing. He is being a role model for hard work in the lab. I would like to thank him for being the first person who taught me how to work in ultra high sophisticated system. I am proud to record that I had several opportunities to work with an exceptionally experienced scientist like him.

Where would I be without my family? My parents deserve special mention for their inseparable support and prayers. My Mother, in the first place is the person who put the fundament my learning character, showing me the joy of intellectual pursuit ever since I was a child. My Father is the one who sincerely raised me with his caring and gentle affection. Mahima, Ujjval, and Priya, thanks for being supportive and caring siblings.
I would have been completely forget a priceless and infinitive thank if I had not acknowledged to my elder brother for his incredible faith on me, his positiveness, magical inspiration and being always by my side during all my research work.

Words fail me to express my appreciation to my Husband’s dedication, love and persistent confidence in me, has taken the load off my shoulder. I owe him for being unselfishly let his intelligence, passions, and ambitions collide with mine. Furthermore, it gives me immense pleasure to acknowledge my in laws with their expression of appreciation, help and support.

My time at Kurukshetra was made enjoyable in large part due to many friends in Kurukshetra hostel that became a part of my life. I am grateful for exhilarating time spent with roommates and friends, for my backpacking buddies, sharing their various thoughts and being a support for the completion of my Ph.D. thesis.

This thesis would never have taken shape without the constructive work of Mr Ajay Gupta, Gupta G Computers, K.U.K. I convey special acknowledgement for his indispensable help and extreme effort in printing this thesis.

I was extraordinarily fortunate in having University Research Scholarship as the financial assistance provided by Kurukshetra University Kurukshetra.

I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

Kurukshetra (Garima Singh)
