ACKNOWLEDGEMENTS

First of all, I would like to pay my homage to omnipresent almighty who bestows his benediction upon me and keeps me in high spirit always.

It gives me immense pleasure to extend my deep sense of gratitude, reverence, honor and sincere heart-felt thanks to my supervisor Dr. Ashwani Sharma, Professor and Head, Department of Physics, Maharshi Dayanand University, Rohtak-124001, for giving me opportunity to work under their guidance and for introducing me to the exciting field of magnetism and nanoparticles. Their judicious guidance, innovative ideas, constant motivation, suggestions and educative criticism during the entire period of research proved to be very helpful in this work. Their timely help and encouraging words kept my moral high and sailed me through difficult times. I learnt a lot from them and consider for having the opportunity for completing this course of work.

I avail myself of this opportunity to express my gratitude to staff members of the department of physics, for being a constant source of inspiration and providing me necessary facilities to carry my research work. I am also thankful to departmental and technical staff of the department of physics for their co-operation during my research work.

I wish to express my sincere thanks to Dr. R.K. Kotnala, National Physical Laboratory, New Delhi and Dr. Mahabir Singh, Department of Physics, H.P.University, Shimla, for providing facility of Vibrating sample magnetometer.

I am also thankful to Mr. Sanjay Dahiya, Ms. Pallavi, Ms. Sumedha, Ms. Yogita, Mr. Rajesh Kumar and Mr. Narender Budhiraja for their help in carrying out my research work.

My special thanks to Dr. S.P. Sharma, Dr. Mohan Singh, Dr. Minakshi Mann, Dr. Veena Maurya, Dr. Sunita Dahiya, Er. Neha Katyal and Ms. Kusum for their co-operation during the work.

Known words become inadequate to express my gratitude to my wife Smt. Mehak for her meticulous suggestions, supports and unstinting help throughout the completion of this project.
I wish to express my gratitude to my respected mother Smt. Nirmla Devi for their magnanimous encouragement that sustained my spirits throughout this venture. I know I always have my family to count on when times are rough. Needless to mention that without their enthusiastic participation, sacrifices and blessings, this piece of research work could not have been able to see the light of the day.

Words fail me to express my appreciation to my son Meet. He has been a true and great supporter and has unconditionally loved me during my good and bad times.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.
