ACKNOWLEDGEMENTS

I deem it a great pleasure to express my heartfelt gratitude and profound respect to my research supervisor, Prof B Rangamannur, Professor of Chemistry, Sri Venkateswara University College, Tirupati, for his inspiring guidance, constant encouragement, moral support and kind cooperation during the course of the present investigation. My association with him has been an experience of immense value.

I am specially thankful to Prof S Jayarama Reddy, Dean, Faculty of Sciences and Principal, Sri Venkateswara University College, for his encouragement during the course of the work, and to Prof K Subramanyam Reddy, Head of the Department of Chemistry for providing necessary facilities to carry out the present investigation. My thanks are due to Dr P Chiranjeevi, Associate Professor, SV University College for useful discussions and valuable suggestions during the progress of the work.

I wish to express my thanks to Sri Anam Vivekananda Reddy, Secretary and Correspondent and Sri Anam Ramanayana Reddy, President, VR Group of Institutions, Nellore, for the encouragement and inspiration. I am also thankful to Dr D Gopalakrishna Murthy, Officer on Special Duty, VR Group of Institutions.

I am grateful to the Management of VR College, Nellore for according permission to carry out the present work, and Sri P Sudhakar Reddy, Principal, Sri MV Krishnalah, Vice-Principal & Head of the Department of Chemistry, VR College and Dr K Ashok Rao, Reader in Chemistry for their valuable advice.

I am indebted in a measure beyond words to my wife Ms Krishnaveni for patient endurance which made this venture possible.

Y Koteswaram Rao
