Acknowledgement

First of my thanks must go to those who have read and commented on all or part of this thesis during the course of its preparation.

An immense debt of gratitude is owned to Prof. Om Singh, my esteemed teacher and supervisor for his deep sense of involvement, invaluable discussion and constant encouragement during the entire course of work. Without his valuable advice and must needed suggestion for modification wherever required, it would not have been possible for me to present the work in this form.

I wish to record my respectful gratitude to Prof. V. K. Rastogi (Head), Prof. Ashok Kumar, Prof. Rakesh Kumar and Dr. Beerpal Singh, Department of Physics, Institute of Advanced Studies, Ch. Charan Singh University, Meerut for his critical comments at the appropriate time and place.

I'll never forget the valuable contribution of Dr. Nahar Singh, Dr. Tuhin Kumar Mandal (Senior Scientist) National Physical Laboratory, New Delhi, Mr. R. K. Giri (Senior Scientist) Indian Meteorological Department, New Delhi, Dr. Satish Prakash (Dept. of Physics) Meerut College Meerut and Mr. Navdeep Morya for give the valuable suggestion in my research work.

I feel pride to express my heartiest thanks to Mr. Manoj Kumar and his wife Babita for providing me assistance and co-operation.
I avail myself of this opportunity to pay great respect to my parents and to my family members for their love and affection for me.

Last but not the least; I’m also thankful to Ch. Charan Singh Univ. and University Grant Commission for providing me the financial assistance in the form of PhD Research Fellowship/ Scholarship.

(RAVINDRA KUMAR)
