ACKNOWLEDGEMENT

The task of acknowledging the incalculable debt of appreciation, which is owned to many, is a very pleasing facet of thesis writing. It gives me immense pleasure in thanking those who were associated with me in completion of this work.

The writing of this thesis can be a lonely and isolating experience, yet it is obviously not possible without the personal and practical support of numerous people. This work is an effort that reveals incalculable lessons and experiences.

Words should be inadequate to convey my deepest gratitude to my supervisor Dr. Vikas Hooda, Centre for Biotechnology, MD University, Rohtak. With his sagacious advices, understanding, patience, enthusiasm, responsibility, vivid discussions, insight, sensibility, observation, rigor, and above all with his friendly nature, he helped me in completion of my Ph.D. work. Throughout, he provided encouragement, good company, and lots more. I shall consider it a privilege to have worked with him.

I am also thankful to HOD, Centre for Biotechnology for providing me basic infrastructure during period of my research work in the department.

I owe a deep gratitude towards Dr. Neeraj S. Dilbaghi, Prof. and Head, Department of Bio-Nanotechnology, GJU, Hisar, for providing me the potentiostat in his laboratory.

I sincerely thank to my cousin Dr. Hariom, Asstt. Professor, Deptt. of Chemistry, MDU, Rohtak, for their valuable suggestions & kind cooperation at different stages of this work.
It is a matter of diligence to convey my thanks to my lab-mates Monika Dahiya, Kusum Lata, Vikas Dhull, Vikas Panghal, Puneet Beniwal for their all time cooperation in the laboratory and valuable suggestions and moral support through the present research work. I am also thankful to all non-teaching staff of this department for their cooperation during this work.

My heartiest thank goes to my friends Parmod, Munesh, Amrinder, Sandeep, Azad Singh, Sumit, who made me strong in my weak times by showing his faith upon me. They were always there to bring a smile on my face when I was worried. They made this journey delightful and memorable.

I also owe my pious duty to express my gratitude to my late grand father and grand mother. I must confess that the completion of this work and even carrying out of this work would have been impossible without the encouragement, moral support and cooperation by my father and my mother. I can never thank them enough to have my work possible.

My debt is special towards my brother-in-law Krishan Kumar and Manoj, my sisters Sushila and Shashi, who encouraged & energies me to complete this research task.

I would also like to thank my loving nephew Parth and nice Avni, Kirti who gave me so many smiles and bringing joy during my hectic schedule and difficult situations.

Finally, I thank the Almighty who made so many to extend their helping hands in accomplishment of my work successfully.
