Acknowledgements

I express my deep sense of gratitude and sincere thanks to my Guide Dr. R. Jayakumar, Professor, Amrita Centre for Nanosciences and Molecular Medicine, Amrita Vishwa Vidyapeetham for the encouragement and valuable guidance during the course of my thesis work. He contributed his valuable time guiding me throughout the period of my study.

I express my sincere thanks to Dr. Shantikumar V. Nair, distinguished Director, Amrita Centre for Nanosciences and Molecular Medicine & Dean of Research, Amrita Vishwa Vidyapeetham for giving the opportunity to conduct my PhD research in the area of Drug Delivery with very high sophisticated facilities available in the world. His advices with insight and logical thinking inspired me a lot to design my research work in proper direction.

I owe my gratitude to my Co-Guide, Dr. Krishna Prasad Chennazhi, for his suggestions and valuable overall guidance from the inception of this work to its completion. His timely advices helped me to cross the barriers in research, during the work.

I would like to thank my doctoral committee advisors, Dr. Vinoth-Kumar Lakshmanan, Dr. Krishna Kumar Menon, Dr. Unnikrishnan A. G, Dr. Arun S Menon, and Dr. Neeraj Sidharth for their valuable suggestions and encouragement to accomplish my thesis work. I also take this opportunity to express my gratefulness to all other faculty members of Amrita Centre for Nanosciences and Molecular medicine for their selfless support.

I gratefully acknowledge Dr. A.K.K. Unni, Dr. Reshmi, Dr. Sahadev Shankarappa, Mr. Sunil, Mr. Sajith, Miss. Chandini, and Miss. Sunitha for their help and support during the animal study.
I gratefully acknowledge Dr. Hiroshi Tamura, Faculty of Chemistry, Materials and Bioengineering and High Technology Research Centre, Kansai University, Osaka, Japan for his willingness to supply materials for my work.

I am thankful to Mr. Sajin P Ravi, Mr. Sarath, Mr. Ramesh and Mr. Jiljith for their support and selfless services helped me to achieve the results in short period of time.

I gratefully acknowledge the financial support from Department of Biotechnology (DBT), India. I am obliged to the CSIR (Council of Scientific and Industrial Research), India, for financial support through Senior Research Fellowship.

I express my deep sense of gratitude to Amrita Vishwa Vidyapeetham, for providing substantial infrastructure support for basic research in Nanobiomedical sciences.

I am thankful to my friends Sabitha Mam, Deepa, Sanoj, Maya, Amal, Deepthi, Anisha, Sidhy, Mincy, Smitha, Sowmya, Aswathy, Parwathy, Vijay Reddy, Prashanth, Giridharan, Sreeja, Dhanya, Aishwarya, Ranjith, Snima, Gopi, Sajid, Sreerekha, Soumya, Sajesh, Rameshwari, Thashma, Vinod S, Adwait, Siva, Wilbin, Anu, Ashwin for their support. My sincere thanks, to rest of my colleagues and friends, who have helped me personally and professionally. No one is forgotten although not mentioned.

I owe special gratitude to previous M.Tech students Deepagan V.G and Saji Uthaman for their sincere help.

I acknowledge my parents, my husband, my brother, my sister and her family, and my in laws for their endless support. It was their drive and effort which hold me throughout the way of completing the work.
Words won’t be enough to appreciate my husband Sudheesh Kumar for his everlasting hold for everything. He was most understanding and supportive throughout the course of my studies.

Above all, I thank God Almighty for providing me with the right atmosphere with adequate facilities and mental strength to work and for sending help in all possible ways whenever I needed.
