ACKNOWLEDGEMENTS

It gives me a great pleasure to acknowledge my heartfelt gratitude and sincere thanks to my supervisor, Dr. S. Silvaraman, Reader, Department of Physics, Dr. H.S. Sour Vishwavidyalaya, Sagar (M.P.), for his affectionate encouragement and valuable guidance throughout the course of my research work. I am highly obliged to Dr. R.K. Shrivastava and Dr. A.P. Srivastava, Professor and Head of the Department of Physics of the University for providing all facilities during the course of the work.

Grateful thanks are also due to Dr. P.S. Diwan and Dr. J.L. Thaker, Readers in Physics, for their fruitful suggestions during experimental work.

I am thankful to my colleagues Dr. R.S. Soni, Dr. S.R. Agrawal, Shri R.C. Tiwari, Shri W.T. Lall and Shri M.N. Banat for their valuable cooperation and timely help as and when required.

I am grateful to my friend Dr. R.K. Pandey for his valuable help during the absorption study.

My thanks are also due to the Director of I.I.T., Delhi for his kind permission to consult the library.

I am thankful to Dr. V.B. Agnihotri, Director, Forensic Science Laboratory, Sagar, for his kind permission to use the facility for absorption study in his laboratory.

I express my thanks to Shri G.S. Shukla for his careful
typing and to Shri Prem Swaroop, Foreman, University Workshop for technical help.

Finally it is my duty to record my gratitude to the U.G.C. for the award of Teacher Fellowship, under the Faculty Improvement Programme and to the Govt. of M.P. for the grant of study leave to enable me to undertake this work.

( A. L. JAIN )
