Some people are there in life, who value a bit more than others, there is a person who played all the roles of care, selfless support which a person needs from his parents, a friend from a friend and have stood by me in the deepest hour and in my
darkest despair. Thanks to Suresh for being there.

There are certain people to whom words are not sufficient to express feelings for them. It is mere a formality because what they have done for me is inexplicable. Among such persons are adorable and most respected, my parents, who never showed a sign of stress on their faces and always kept smiling, encouraging me and have showered me with their never ending blessings. The love, care, affection and above all blessings from my elder brothers Ashok Tiwari and Ajay Tiwari, Didis, Jijajis, Bhanjis, Bhanjas, Chachas, Mamajis, Mausajis, Mausijis, Dadas and Bhabhis have always been an extra boon to me.

I wish to express my heartful thanks to Nirdesh Sagar Jain (Meenu), Adinath Computers for his care and help in timely compilation of this work.

Many others unnamed, who directly or indirectly provided me support and information, I convey my sincere thanks and regards to them all.
