ACKNOWLEDGEMENT

It is pleasure to express my sincere thank and gratitude to Dr. Naoroibam Deva Singh, Associate Professor and Head, Department of Geography, Manipur University for his encouragement and supervision in the completion of this thesis.

I must put on record and thank for the cooperation and valuable suggestions extended to me by Dr. R.K. Somorjit Singh, Assistant Professor (Sr) and Dr. Kh. Pradipkumar Singh, Assistant Professor (Sr), of the Department of Geography during the course of my Ph.D. work.

I express my deep sense of gratitude to Prof. M. Taher of Geography Department, Gauhati University, for his encouragement and discussion on this research topic that I have undertaken. I give a special thank to Dr. (Mrs.) N. Choudhary, Reader, C D Department, Lady Irwin College, University of Delhi as she gave me the strength and spirit of this research programme.

It is also pleasure to record the advice and cooperation given to me by Suresh Chander, Assistant Director, for the scholarship of ICSSR, New Delhi that helped me a lot in completing the thesis.

I thank the Department of Geography, Manipur University for providing facilities of Remote sensing and computer while preparing the thesis.

My heartfelt gratitude goes to all my batch mates whose assistance and moral support boosted me to accomplish this task. Lastly, I thank Dr S. Nabadwip Singh of Chinganei, Imphal for typing the thesis.

G. Nabachandra Singh
