## CONTENTS

### INTRODUCTION 1 – 35

### REVIEW OF LITERATURE 36 – 63

### RESEARCH METHODOLOGY 64 – 77

Research Design
Locale of the Study Area
Description of Study Area
Selection of taluks, Villages and Respondents
Selection of Variables and their Measurements
Independent Variables
Age
Education
Occupation
Land Holding
Annual Income
Extension Participation
Mass Media Utilization
Independent Variables
Information Source Consulting Pattern
Knowledge
Construction of Teacher made Knowledge Test
Marketing Behaviour of the Respondents
Nature and Source of Data
Statistical Tools Used
Time Series Analysis
Linear Trend (T)
Seasonal Variations (S)
Analysis of Long Term Movement
Regression Analysis
Co-integration Techniques
Estimation of Seasonal Indices of Monthly Data
I. RESULTS (ONION GROWERS)

1.1 Profile of Onion Growers

1.1.1 Age

1.1.2 Education

1.1.3 Occupation

1.1.4 Land Holding

1.1.5 Annual Income

1.1.6 Live Stock Possession

1.1.7 Manure Application

1.1.8 Fertilizers Application

1.1.9 Weedicides Application

1.1.10 Micronutrients Application

1.2 Extension Participation

1.3 Mass Media Utilisation

1.4 Consultancy Contact

1.5 Knowledge Level of Recommended Cultivation Practices

1.5.1 Recommended Variety and Seed Treatment

1.5.2 Transplanting, Spacing and Irrigation

1.5.3 Recommended Quantity of FYM, Fertilizers

1.5.4 Usage of Weedicides and Plant Protection Measures

1.6 Overall Knowledge Level

1.7 Production Problems (Constraints) Experienced by the Onion Growers

1.8 Marketing Behaviour of Onion Growers

1.9 Marketing Problems Faced by Onion Growers

1.10 Suggestions for Onion Production and Marketing by Onion Growers

1.11 Economic Analysis of Onion Growers in Gulbarga District

II. RESULTS (SEED PRODUCERS)

2.1 Profile of Onion Seed Producers

2.1.1 Age

2.1.2 Education

2.1.3 Occupation
2.1.4 Land Holding
2.1.5 Annual Income
2.1.6 Live Stock Possession
2.1.7 Manure Application
2.1.8 Fertilizers Application
2.1.9 Weedicides Application
2.1.10 Micronutrients Application

2.2 Extension Participation
2.3 Mass Media Utilisation
2.4 Consultancy Contact

2.5 Individual Knowledge of Onion Seed Producers
2.5.1 Recommended Variety and Bulb Treatment
2.5.2 Plantation, Spacing and Irrigation
2.5.3 Recommended Quantity of FYM and Fertilizers
2.5.4 Weedicide Usage and Plant Protection Measures

2.6 Overall Knowledge Level of Seed Producers
2.7 Production Problems Experienced by the Onion Seed Producers
2.9 Marketing Behaviour of Seed Producers

III. RESULTS (MARKETING)

3.1 Variation in Arrivals and Prices of Onion in the Selected Markets
3.1.1 Trend in Arrivals
3.1.2 Trend in Prices
3.2 Seasonal Indices of Arrivals
3.3 Seasonal Indices of Prices
3.4 Price Index
3.5 Prediction of Onion Arrivals and Prices in the Selected Markets
3.5.1 Bangalore Market
3.5.2 Bhubaneswar Market
3.5.3 Chennai Market
3.5.4 Delhi Market
3.5.5 Hubli Market
3.5.6 Kolkata Market
3.5.7 Lasalgaon Market
3.5.8 Nasik Market
3.5.9 Pimpalgaon Market
3.5.10 Pune Market

3.6 Correlation between the Prices of Onion in the Selected Markets

DISCUSSION

Profile of Onion Growers and Seed Producers
Age
Education
Land Holding
Annual Income
Occupation
Live Stock Possession
Manure Application
Fertilizers Application
Weedicides Application
Micronutrients Application
Mass Media Utilization
Consultancy Contact
Extension Participation
Knowledge Level of Recommended Cultivation Practices of Onion Growers and Seed Producers
Production Problems (Constraints) Experienced by the Onion Growers and Seed Producers
Marketing Behaviour of Onion Growers and Seed Producers
Marketing Problems Faced by Onion Growers.
Suggestions Offered by Onion Growers in Marketing of Onion
Variation in Arrivals and Prices
Trends in Arrivals
Trends in Prices
Seasonal Indices of Arrivals
Seasonal Indices of Prices

Prediction of Onion Prices
