ACKNOWLEDGEMENT

I owe my profound gratitude to my supervisor Prof. G.K.N. Chhetry M. Sc. Ph. D., FNRS, FPSI, my teachers and my parents T. Ibopishak Singh & T (o) Shibashini Devi who supported me during the entire period of research work.

I am also indebted to my supervisor, Dr. Gopal Kumar Niroula Chhetry, Professor and Head, Department of Life Sciences, Manipur University, Canchipur for his kindness to privilege me his valuable guidance and supervision. I am thankful to him for creating a warm and congenial environment of coordination and cooperation during the entire research period and helping me to accomplish the present work.

I am also thankful to the Head Department of Life Sciences, Manipur University, Canchipur, for kindly providing me all the necessary materials and encouragement during the research programme.

I am thankful to the Dean, School of Life Science, Manipur University Canchipur, for making necessary academic and administrative arrangement for the Ph. D. programme.

I am grateful and owe my heartiest gratitude to Professor and dean Dr. N. Irabanta Singh, Dr. M. Shyamkesho Singh, Dr. R.R. Pandey, Dr. R. K. Gambhir Singh, Dr. Th. Binoy Singh, Dr. Ch. Sarojnalini Devi for their valuable comments and suggestions on my work during the seminars and pre-thesis submission seminar.

I am also grateful to Dr. S. Mukta Singh, W. Dhanabir Singh and teachers of D.M. College for their support and encouragement during the research work.

I am also thankful to the librarian of Manipur University for providing free Wi-Fi and internet facility during the entire research work.

I am thankful to the Director and Curator Institute of Microbial Technology (IMTECH), Chandigarh for timely identification of bacterial cultures related to the research work.
I would like to thank Director, Indian Council of Agricultural Research (ICAR), Imphal for providing me meteorological data related to my research work. I would thank librarians of Central Agricultural University (CAU), Iroishemba and ICAR, Imphal for allowing me to share their library facility for the research work.

I am grateful to the administration of Manipur University for providing Ph.D. Fellowship for my Ph.D. programme.

I extend my heartiest gratitude to the villagers of survey sites for providing me valuable information for my survey work.

I acknowledge all the localities of Kanglatongbi particularly the Nepali communities and Senjam Chirang for providing their fields for field trials and helps during field preparations and other research related activities.

I enjoyed research in team environment with my research fellows and I extend my heartiest thanks to them for their kind and generous helps, supports and encouragements during the entire research work.

Last but not the least I am grateful and thanked all the well-wishers who directly or indirectly helped me to accomplish the research work.

Date: 16-04-2014

(Tongbram Ranjana Devi)
