ACKNOWLEDGEMENT

First of all, I would like to extend my sincere thanks and heartfelt respect to my guide Dr. K. Marimuthu, M.E., Ph.D., Associate Professor, Department of Mechanical Engineering, Coimbatore Institute of Technology, Coimbatore, for his valuable guidance, motivation, constant inspiration and above all, for his ever liberal attitude that enabled me in shaping this thesis in the present form.

I owe immense gratitude to the Principal Dr. V. Selladurai, Ph.D., Coimbatore Institute of Technology, Coimbatore, for his moral support during the course of my research work.

Special thanks to Management of Coimbatore Institute of Technology, Coimbatore, especially Dr. S.R.K. Prasad., Correspondent and Dr. R. Prabhakar., Secretary for giving me the opportunity to do research in their laboratory.

My sincere thanks to my Doctoral committee members, Dr. I. Rajendran, M.E., Ph.D., Professor, Department of Mechanical Engineering, Dr.Mahalingam College of Engineering and Technology, Pollachi, and Dr. P.K. Palani, M.E., Ph.D., Associate Professor, Department of Mechanical Engineering, Government College of Technology, Coimbatore, for their helpful and generous during the entire course of this work.

My deepest gratitude goes to my wife, Mrs. T. Poongodi, M.Tech., (Ph.D.,) and sons’ S. Nithin, S. Nirvin for their unflagging love and support throughout this research work and this paved way to complete the study in a full-fledged manner.

SURESH P
