Alhamdulillah

I wish to verbalize my profound gratitude towards my parents, Mr Muhammad Yaqoob and Mrs Halima Akhtar, who exhibited their intact confidence and reliance upon me especially at a time when they exclusively needed my economic support and assistance. I can in no way be grateful to them for their cooperative and customary encouragement in generating this thesis and otherwise also. They facilitated me to develop fervour which ripened in the form of my potential. Words will always fail to express and communicate the magnitude of thankfulness that I owe to them.

I am greatly thankful to Mrs and Dr Ashiq Hussain Faktoo, who have played the role of being my academic parents and enabled me to be on this track.

Many thanks must go to my advisor and research supervisor, Prof. (Dr) Sayyid Muhammad Yunus Gilani, Director, Shah-i-Hamadan Institute of Islamic Studies, the University of Kashmir. I thank him for his patience, guidance and confidence in my ability to work. I am greatly thankful to him for pointing me in the right direction on many occasions whenever I needed instructions. His suggestions besides practical and valued outline provided me various modes to accomplish this hard slog. I thank him for his patient, tolerant and enduring conduct for I used to disturb him even at his holidays — time specifically set aside for family — and he always
provided a helping hand. This work would have been definitely deficient without his logical, intellectual, cerebral and academic guidance.

Very special thanks go to Dr Naseem Ahmad Shah, Reader, Shah-i-Hamadan Institute of Islamic Studies, Kashmir University for his invaluable guidance at all times, techniques and more specifically all kind of sensible, realistic, viable and sound encouragement — meant for living the life, in addition to praise and admiration.

I also want to thank my sisters Ms Gowhar Yaqoob and Ms Waqar ul-Nisa for rallying around and being of assistance all the time in all the ways whenever I needed, thereby smoothening the job.

I am highly indebted to Margy Nuria Masterson for her immense and colossal help through membership to questia.com — the world’s number one online library, without which this work was impossible and really out of reach and scope. She really felt bothered about me and so remained in touch with me although being quite far away.

I also want to thank Dr Hameed Naseem Rafiabadi, Reader of my department, for his input, invaluable feedback at various stages and massive encouragement, Dr Ab. Rashid Bhat, Sr. Lecturer of my department, for his comments, Dr Manzoor Ahmad Bhat Lecturer of my department, Shaikh Jamil Ali, Mr Nazir Ahmad Zargar, Dr M. Sultan Islahi of my department for his supportive and signifying conviction in me, Mr Arshad Khan of Allamah Iqbal Library, Dr. Firusa R. Parikh, Director IVF Department, Jaslok Hispital, Mumbai, Dr Neeta Warty, Laparo Surgeon, Mumbai, for their caring approach and approving of my talent, skill and proficiency in diverse fields.
I want to thank non-teaching staff of my department specifically Mr Zahoor Ahmad and Mr Zameer Ahmad for their tolerant, cooperative and sympathetic support all through.

I wish to thank librarians of Department of History, Urdu, Sociology, Centre of Central Asian Studies and Allama Iqbal Library, the University of Kashmir for their cooperation and help.

I wish to thank Ms. Taqwa Gilani for she was the bridge for me when my supervisor was out of country. It was through her that I often contacted rather disturbed her father (my supervisor) for directing, guiding, supervising and advising me to come out of hurdles I met during my research.
I wish to thank Mrs Rasikha Andrabi (W/o Prof. (Dr) S. M. Y. Gilani) for her adoring, caring and gentle concern for me. To put it more noticeably in the words of Dr Alvi, “She guides your guide to guide you”.

I wish to thank GL Networks for providing me constant connection to internet at home.

Special thanks to all of my teachers throughout, specifically Mr Mubasher Malik, who taught me computers with such keenness, interest, passion and zeal that I could compose my whole thesis on my own. I wish to thank my initial teacher Mr Ayoub, whose words are milestones for me.

Last but not least I would like to express my gigantic thankfulness to Mr Meraj Wani for his patience in teaching me certain things concerned with internet, his immense support, enthusiastic admiration, encouragement, help, assistance, cooperation, affiliation, opinions, analysis and feedback at various stages, which eased the completion of this work. Without his help, this work was incomplete, unfeasible, hopeless and impossible.

Lastly most important for me is to commit to memory the celebration my father has at the completion of this degree.
