

ACKNOWLEDGEMENT

I am ever grateful to my supervisor **Dr. A. Shanmugam**, Professor and Dean, Department of Electronics and Communication Engineering, SNS College of Technology, for his continuous support to my research work towards Ph.D. degree. His guidance helped me throughout my research and writing of this thesis work.

I would like to thank the Doctoral Committee Members, **Dr.K.Duraiswamy**, Dean/Academic, K.S.R college of Technology, Tirchengode and **Dr.M.Madheswaran**, Principal, Mahendra Engineering College, Tiruchengode, Namakkal, for their insightful comments.

I thank the Management, Principal and Staff of Bannariamman Institute of Technology for having provided all the necessary facilities to undertake this research work. It is indeed my pleasure to thank the Secretary, Principal and Head of the Department, Department of Electronics and Communication Engineering of Velalar College of Engineering and Technology for their indispensable help and support during my research programme.

Especially, I would like to submit my special thanks from the bottom of my heart to my caring wife **S. Anitha**, lovable son **Sachin Chandrasekaran**, admirable parents and in laws for their moral support which I cannot render in a few words.

I extend my sincere thanks to all my colleagues for their comments and suggestions. Finally, I would like to thank everyone who encouraged me every step of the way in the successful completion of the thesis.

CHANDRASEKARAN V
