Acknowledgement

Research is an inclusive task. At this moment of my substantial enhancement, I have hardly enough words to express my gratitude towards those who were constantly involved with me during my study work.

I am greatly indebted to my Guide Dr. D. U. Patel, Principal of N. H. Patel College of Education, Anand, for his valuable guidance and sight for the research. I express my deepest sense of gratitude to those educationists who helped me in construction of the tools for the present study.

I am thankful to the librarians and co-coordinators of various libraries and resource centers who facilitated me in getting the source of knowledge. I wish to mention here that I had several fruitful discussions with my colleagues at the various stages of the present study. I thank them all. Especially I thank Dr. Kamalnayan Parmar for his valuable assistance in statistical calculation.

How can I forget the part of my programme, the young & enthusiastic students of the school? Without their participation the whole efforts would be in vain. As well I thank the principal Mr. Pradipbhai Parmar, former principal Mr. Maheshbhai Patel and the teacher of Accountancy Mr. Jayeshbhai Chauhan who helped me in administrating the whole programme in Sharda High School, Anand. I thank the students, teachers and principals of the various schools who had been a part of research work.

Last but not the least; I am very grateful to my family members for their constant support and encouragement, and all my well wishers who have directly or indirectly offered their valuable assistance and suggestions during my research work.
