ACKNOWLEDGEMENT

It is my privilege to express my sincere and profound gratitude to my honourable guide Sir Dr. S.P Borah M.Sc., Ph.D Professor in the Department of Botany, Gauhati University, Assam without whose laudable guidance, valuable suggestions and constant encouragement this research work would not have been possible.

I want to offer my sincere gratitude to Dr. S.K Sarma Professor and Head, Department of Botany, Gauhati University, Assam for providing me the necessary facilities in the department to carry out the research. I also offer my sincere thanks and gratitude to Dr. D.K Jha, Reader and Dr. B. Tanti, Lecturer, Department of Botany, Gauhati University for their consistent encouragement and guidance during the course of the investigation.

I owe to Dr. Rajib Gogoi, Botanical Survey of India, Shillong, Meghalaya for his valuable contribution in the collection and identification of the different specimens collected for research purpose.

I also want to offer my hearty thanks and gratitude to all the Professors of the Department of Botany, M.C College, Barpeta, Assam where I myself is presently working as a Lecturer, and to my friends Sri. Amardeep Nath, Sri. Dimbeswar Das, Sri. Diganta Nargary, Sri. Nikhiljyoti Das and Sri. Ajay Das who helped me by rendering their services in various ways to complete this work.

I am also grateful to the Government of India for awarding me North East Council merit Ph.D scholarship, without whose financial support my work would not have been completed so smoothly and efficiently.

Lastly, I owe my gratitude and love to my grandmother, father, mother, brothers and sisters for their constant inspiration and support behind me for which today I could complete my research work and got a respectable position in the society. May God bless me again and again with such wonderful guardians.
