ACKNOWLEDGEMENT

This research work has been executed under the guidance and supervision of the most respected Professor Dr. K.E.N. NALLA MOHAMED, M.Sc., M.Phil., Ph.D., Principal (Rtd.), Khadir Mohideen College, Adirampattinam, presently working as Principal of Mohamed Sathak Arts and Science College, Chennai. I am immensely grateful to him for so generously allowing me to share the benefit of his rich professional experience in Polymer Chemistry and also for the help rendered by him at critical periods of my career.

I wish to thank Janab. S. MOHAMED ASLAM, Secretary and Correspondent of Khadir Mohideen College, Adirampattinam for providing the necessary facilities to carry out this work in our laboratory.

I am grateful to Dr. A. MOHAMED ABDUL KHADER, Principal of Khadir Mohideen College, Adirampattinam who had given good encouragement for this work.

I express my heartfelt thanks to Dr. T. HIDAYATHULLA KHAN, Head of the Department of Chemistry, Khadir Mohideen College, Adirampattinam for his kind gesture.

I am personally grateful to Dr. N.M.I. ALHAJI, Associate Professor of Chemistry, Khadir Mohideen College, Adirampattinam for his constant help and encouragement during my research work.
I am also thankful to Dr. N.A. Mohamed Farook, Associate Professor of Chemistry, Khadir Mohideen College, Adirampattinam for all his support during my research work.

No words are adequate to express my thanks for the help rendered by numerous of my colleagues and non-teaching staff in our college. However, special mention has to be made of my departmental colleagues, Dr. A.M. Uduman Mohideen, Prof. A. Akber Hussain, Dr. P. Mohamed Sirajudeen, Prof. G.A. Seyed Dameem, Dr. S. Raja Mohamed, Prof. M. Prem Nawaz and Prof. A. Afroos Banu for their continued encouragement to me to pursue this doctoral research work.

Finally, a special word of appreciation goes to my parents, sister. My wife, and my son, Senthil Nigish for their patience throughout the course of my research work.
