ACKNOWLEDGEMENT

First of all, I thank the Lord Almighty for His historical involvements in guiding and shaping the destiny of people, in particular, bestowing me with abundant grace to add this tiny contribution to the gamut of knowledge.

I owe every aspect of the success and technical grandeur of the research to Dr. L. Arockiam, Associate Professor, Department of Computer Science, St. Joseph’s College (Autonomous), Tiruchirappalli, who ably guided me through the research work. His intriguing questions, meticulous suggestions, path-breaking solutions and timely interventions have led to the conscientious designing. Many of the refinements are the direct result of his invaluable and timely advice.

I acknowledge with gratitude Rev. Fr. Dr. A. Albert Muthumalai SJ, Principal, St. Joseph’s College (Autonomous), Tiruchirappalli, who has provided me with all necessary facilities to carry out my research work.

I wish to express my thanks to Prof. S.T. Rajan, Head and Prof. D.S. Ravi, Former Head, Department of Computer Science, St. Joseph’s College (Autonomous), Tiruchirappalli for having provided facilities and their support in carrying out this research work.

My heartfelt thanks to Dr. S. Nickolas, Professor and Head, Department of Computer Science, National Institute of Technology, Trichirappalli, for his valuable suggestions during Doctoral Committee meetings and unstinted cooperation and encouragement for the successful completion of this thesis.
At the outset, I express my heartfelt thanks to Dr. S.A. Sagaya Arul Mary, Dean and Head, Department of Computer Science and Engineering, Jeyaram College of Engineering & Technology, Trichirappalli for her priceless suggestions during the Doctoral Committee meetings.

I sincerely thank Prof. A. Charles, Associate Professor, Department of Computer Science, St. Joseph’s College (Autonomous), Tiruchirappalli for his valuable ideas and suggestions for my research. I express to thank all the Faculties in the Department of Computer Science, St. Joseph’s College (Autonomous), Tiruchirappalli for their encouragement and support.

I would like to thank Dr. T. Rajaretnam, Associate Professor, Department of Mathematics, for his help and suggestions during my course of research.

I wish to express my thanks to Dr. P. Calduwel Newton, Assistant Professor, Department of Computer Application, Bishop Heber College (Autonomous), Tiruchirappalli and Prof. J. Isac Gnanaraj, Assistant Professor, Department of Computer Application, SASTRA University, Tanjore for their effort in correcting my thesis.

My sincere thanks are due to Dr. P.D. Sheba Kezia Malarchelvi, Professor and Head, Department of Computer Science & Engineering, JJ College of Engineering and Technology, Tiruchirappalli, for her valuable comments.
I am thankful to Mr. V. Arul Kumar, Research Scholar, Department of Computer Science, and all my fellow research scholars for their discussions and deliberations during the course of my research.

My Special thanks are due to Mr. John Paul Prassanna, Department of Computer Science, for his painstaking efforts for improving the quality of the documentation of my thesis.

I would like to thank Mr. I. Carol, Research Scholar, Department of Computer Science, for his help and suggestions during my course of research.

I am grateful to my beloved parents, wife and my daughter, who have moulded me towards success through their sound faith and prayers.

I am drenched in the support of my brother’s family, and am grateful for their silent prayers, patience and encouragement.

Finally, I am indebted to all those who have been more specially and laboriously involved in the realization of this research.

S. Charles
