Acknowledgements

First and foremost, I would like to express my profound gratitude to my supervisor, Dr. R.G. Sharma, HOD Chemistry, Graphic Era deemed University, Dehradun, Uttarakhand, India, for accepting me as his research scholar. I greatly appreciate his guidance, encouragement, kindness, patience and constant supervision in completing my project successfully. It has been an honor to work with him.

I express my profound sense of gratitude to Dr. C.K. Saini, professor, chemistry department, GEU, Dehradun. His moral encouragement and lots of wise words were always a source of inspiration to me. I am extremely grateful to Mr. R.D. Rawat, associate Professor chemistry department, GEU, who has taken effort for providing valuable suggestions during early stages of my research work. I would also like to express my deep and sincere gratitude to Dr. R. C. Joshi, chancellor, GEU, Dehradun and to Dr. Pravin Patil, dean research GEU, Dehradun, for suggestions to improve my thesis.

I would also like to thank Dr. Abdul Malik, M.S.College, Saharanpur, UP, for his valuable time and guidance in the preparation and publication of research papers. Dr B.B. Raijaida, Retired Principal & HOD Chemistry, D.B.S.College, Dehradun, deserves special thanks who took effort in reading and providing valuable comments to improve my thesis. I am grateful to Dr. Hira Lal Sharma, Patanjali Ayurveda, Haridwar, Uttarakhand and Mr. G. S. Negi, E.E., Forest Research Institute Dehradun, for their efforts, in providing valuable information in early stages of my Ph. D. course work.

I am highly obliged to Mr. M.P. Sharma, Panchsheel pharmacy, Hapur, U.P. and Natural Remedies, Bangalore for providing dry extracts and standard bio-marker of Andrographolide. I am extremely grateful to Mr. Ashok Windlass, M.D. of Windlass biotech Ltd. and Dr. S. Farooq, President of the Himalaya Herbal Healthcare, Dehradun, Uttarakhand, India for providing all research facilities to accomplish this study. My special thanks are given to all the staff members of Windlass biotech Ltd. and Himalayan Herbal Healthcare, Dehradun, for their suggestions and assistance especially Mr. Sandeep Tyagi, Mr. G.P. Pant, Dr. Akbar and Mrs. Suman Joshi.
Words cannot express how grateful I am to my parents Mr. Satya Prakash Sharma and Mrs. Rama Sharma, for all of the sacrifices that they have made on my behalf. I am extremely thankful to Mr. N.K. Singhal for his unconditional love and heartiest blessings. Their prayers for me were that sustained me thus far.

Special thanks to my all family members for their encouragement and support during my study, especially Mr. Anil Sharma, Mr. Mukesh Sharma and Mr. Arvind Sharma. I would like to express my gratitude to my beloved daughter Aakanksha Sharma, for her unequivocal support throughout, as always and for cheering me up and helping me during my research work. I would like to express my heartfelt thanks to my son Arpan Sharma, for managing all graphs and tables and also for compilation of data. I would like to give special thanks to my life-partner Sushil Kumar Sharma, for patient love, understanding, support and belief in my ability to complete this study.

Thanks to all others who are not mentioned here for their help and encouragement.

Last in line but first in mind, I thank God almighty for giving me strength, courage and wisdom to complete the challenging work successfully.

October 2013

Place: Dehradun
