ACKNOWLEDGEMENTS

Proclaim! And thy Lord is Most Bountiful
He Who taught the use of pen
Taught man that which he knew not!

(Surah Alaq: 3-5: Al-Quran)

This is probably the most difficult part of this work, because printed words fail to express the depth of feelings hidden behind them and convey the actual extent of influence, others cast on one’s work or life. Before I proceed to mention at least a few special persons without whose support, cooperation and contribution, this work would have never come to fruition, let me express my deepest faith in the ALMIGHTY ALLAH- the Omnipotent, for bestowing His Mercy and Blessing upon me and provided me enough zeal to complete this work.

With sincere regards and tributes to Late Sir Syed Ahmad Khan, the founder of this prestigious institution, “Aligarh Muslim University, Aligarh”, first and foremost, I consider it my privilege to have completed this work under the noble guidance and supervision of Prof. Irshad Mahmood Department of Botany, Aligarh Muslim University, Aligarh, who not only introduced me to the fascinating world of plant virology but also gave me the privilege and liberty to encroach on his valuable time. Besides providing indispensable guidance during each and every phase of my research work, he has been a constant source of strength and inspiration to me throughout the period of my research work. I am heavily indebted to him for his benevolent attitude and advice on personal and professional matters which strengthened my morale, punctuality, determination, and impartial attitude. The discussions with him were always a lifeline for new thoughts. His valuable suggestions inspired me to have a better grip over my research field and added value to the output of the research work.

I wish to express my thanks to Prof. Firoz Mohammad, Chairman, Department of Botany, Aligarh Muslim University, Aligarh, for providing necessary laboratory facilities. Words fail to express my feelings of deep gratitude and indebtedness to Prof. Qamar Abbas Naqvi (Retd), Department of Botany, Aligarh Muslim University, Aligarh and Dr. Sartaj A. Tyagi for their useful advice and guidance.

I would like to thank Dr. R. K Jain, Advanced Division of Plant Virology I.A.R.I New Delhi for EM facility in their laboratory. My special thanks are also due to Scientists, Dr. Prachi Sharma, Dr. Jasvir singh, Dr. Priyanka Singh and Dr. V. K Baranwal (I.A.R.I) for their cooperation, help and guidance during the entire work.

I record my thanks to Dr. Tabish (Assistant professor), Dr. Shafaqat Azim Department of Biochemistry for providing helping hand in Bioinformatics analysis.

Special thanks are due to Prof. Jose Albersio (Universidade Federal do Ceara Centro de Ciencias Agrarias Departamento de fitotecnia Laboratorio de Virologia Vegeta) for his imperative discussions and suggestions at various stages of this study.

I feel privileged in expressing my profound sense of gratitude and indebtedness to Dr. Shamin, Dr. Imran Kozgar, Dr. G.M Rather, Dr. Fayaz Ahmad, Dr. Manzoor Ahmad Gatoo, Mr. Athar Masoodi, Dr. Zehra Khan, Dr. Rose Rizvi and
Ms. Farha for all the fruitful discussions, kind assistance and suggestions during different stages of my research.

Special thanks are due to Mr. Safiuddin, laboratory colleague, for his unswerving support, and his companionship during the field works as he accompanied me round the clock in every possible way during the course of this research work.

From the core of my heart, special thanks go to my beloved friends Mr. Mucksood, Mr. Towseef, Mr. Mudasir Irfan, Mr. Irfan Ahmad, Mr. Owais, Mr. Hilal Ahmad, Mr. Masood, Mr. Bilal Ahmad, Mr. Mohd Ashraf, Mr. Mohd Ashgar, Mr. Tariq, Mr. Shahnawaz, Mr. Masoodi, Mr. Iqbal, Ms. Bushra Rehman and Ms. Zahida for their wholehearted support and constant encouragement at different stages of the present study.

The UGC is thankfully acknowledged for financial assistance in the form of UGC-NON-NET Fellowship.

Last but not the least, my deepest gratitude goes to my dear father, Mr. Mohd Abdullah Sheikh and Sisters, Sabiya and Humaira for their indefatigable care and support throughout my life.

Muzafar Ahmad Sheikh
