ACKNOWLEDGEMENTS

I owe my deepest debt of gratitude to Dr. L. M. Manocha, Professor, Department of Materials Science, Sardar Patel University, Vallabh Vidyanagar under whom I had the opportunity of working as a research student. I am deeply indebted to Dr. L.M. Manocha for important and stimulating ideas providing by him. Time to time discussions with him gave me invaluable help in organization of the experimental work, interpretation of the results and in writing the thesis. It is he who taught me the rudiments of research and guided me very painstakingly. I have been highly benefited from his constructive criticism at all stages of my work. The years spent in his counsel and company will have a long lasting positive impact on my professional career. It is difficult to look for words adequate to thank him for his constant loving, care and affection. Special thanks are due to Dr. (Mrs.) S. Manocha, Professor and Head, Department of Materials Science for her guidance in every aspect of my life. This thesis is an outcome of her binding concern, support and blessings. She gave me a much needed moral support when things were ups and downs. I would like to express my gratitude for her care, help and guidance.

I sincerely thank my friends and colleagues Dr. Rajesh pande, Dr. Narendra Movaliya, Dr. Rakesh Raj, Dr. Nikesh Patel, Dr. Amit Brahmbhatt, Dr. Harshad Patel, Dr. Imad Ali Dishar, Dr. Vishal Makadia, Dr. Hemang Patel, Mr. Neeladri Vyas, Mr. Kalpesh patel, Mr. Valay Solanki, Mr. Milan Vyas, Mr. Karsan Ram, Mr. Ankur Darji, Ms. Arpana Basak, Ms. Sumitha Naik, Mr. Hasmukh Gajera, Mr. Parth Joshi and Ms. Namita Jha for their timely help and support during and towards successful completion of my research work.
I am thankful to non-teaching staffs Mr. R. M. Rana, Mr. Vinay christen, Mr. Hardhik Shah, Mr. Ronak patel, Mr. Bipin, Mrs. Parul Sheth and Mr. Anton Macwan for their constant co-operation.

For the present work I had extensively used the XRD facility at Sophisticated Instrumentation Center for Advance Research and Testing (SICART), Vallabh Vidyanagar. I am grateful to the Mr. Nikunj Patel and the Management of SICART-CVM for providing the facility.

I am grateful to the Head Department of Materials Science, DST, CAS-II (special assistance programme) and University Grant Commission (UGC), Govt. Of India for providing me fellowship under its various scheme to the Department of Materials Science.

The words are insufficient to express my gratitude to my beloved parents Shri Ramashankar Prasad and Smt. Chandravati Devi. The present work would not have been possible without their indispensable help, unlimited patience and affection full of constant encouragement in all my endeavors. Affection full of constant co-operation from my loving brothers and sisters Sunil Prasad, Shaila Prasad, Sheela Prasad, Sumitra Prasad, Bandu Prasad and Reema Prasad (Bhabhi) have been valuable support to me.

I am also very much thankful to all my relatives and friends who have helped me directly or indirectly during my research work.

With deep and heartiest sense of gratitude I thank my mentor Prof. L. M. Manocha and Prof (Mrs.) S. Manocha for their love, blessings and inspiration.
