Acknowledgements

Completing my PhD thesis is perhaps the most challenging activity of my life. The best and worst moments of my doctoral journey have been shared with many people. It has been a great privilege to spend several years in the Department of Microbiology, N. V. Patel College of Pure and Applied Sciences, Vallabh Vidyanagar, Gujarat.

Apart from the efforts of myself, the success of my research work depends largely on the encouragement and guidelines of many others. I take this opportunity to express my gratitude to the people who have been instrumental in the successful completion of this thesis.

In the first place, I would like to acknowledge the management of Charutar Vidyamandal (CVM) in general and Honourable Chairman, Dr. C.L. Patel, in particular for permitting me to undertake this research work leading to Ph.D. degree.

I would like to express my sincere gratitude to my guide, Dr. Akshaya Gupte, Head, Department of Microbiology, Natubhai V. Patel College of Pure and Applied Sciences, V.V. Nagar for his supervision, advice, and invaluable guidance from the very early stage of this research as well as giving me extraordinary experiences throughout the work. Above all and the most needed, he provided me unwavering encouragement and support in various ways. His truly scientist insight has made him as a constant source of ideas and passions in science, which exceptionally inspired and enriched my growth as a student and researcher. I am grateful to him more than he knows.

I would like to acknowledge Prof. V.S. Patel, Director, Sophisticated Instrumentation Centre for Applied Research and Testing (SICART) and Dr. Basudeb Bakshi, Principal, Natubhai V. Patel College of Pure and Applied Sciences, V.V. Nagar for extending all the facilities of the development towards my Ph.D. work.

I express my thanks to Dr. Shilpa Gupte (Assistant Professor, Department of Microbiology, Ashok and Rita Patel Institute of Integrated Biotechnology and Allied Sciences, New V.V. Nagar), for her advice, critical criticism, support and guidance during my work.

I extend my gratitude to Dr. Urvish Chhaya (Assistant Professor, Department of Microbiology, Natubhai V. Patel College of Pure and Applied Sciences, V.V. Nagar), for his valuable suggestions, ideas and guidance throughout my work. His constant help during setting up my experiments is highly acknowledged.
I am thankful to Mr. Snehal Ingale (Assistant Professor, Department of Microbiology, Ashok and Rita Patel Institute of Integrated Biotechnology and Allied Sciences, New V.V. Nagar), for providing me constant support, necessary guidance and technical assistance and as and when required.

I am extremely thankful to Mr. Yogesh Patel for helping me with his ideas and suggestions. His kind support and jolly nature helped me to reduce my anxiety during my work.

I am thankful to Dr. Jagruti Pandya, for her untiring co-operation and help during the course of my work. Her soft and humble approach provided warm and homely environment during my work.

I would like to thank Dr. Madhumati Bora (Head, Department of Biotechnology, Genetics and Bioinformatics, Natubhai V. Patel College of Pure and Applied Sciences, V.V. Nagar), for her constant motivation.

I am extremely fortunate in having Mr. Mayur Joshi and Mr. Mayur Gahlout as my lab mates. Their cheerful and friendly nature has helped me a lot throughout my research in every potential manner. This period has been a wonderful experience with them.

Special thanks to Dr. Sanket Joshi for providing me pdf copies of research articles wherever required.

I would like to thank Ms. Ami Lokhandwala, Mrs. Anjum Banu and Mrs. Manisha Patel for their kind co-operation and support.

I would be failing in my duties, if I do not thank Dr. Hardik Patel and Mr. Yogeshwar Chandel for their suggestions and help during initiation of my work.

I acknowledge Prof. Ramesh C. Kuhad and Research students - Mr. Bhuvnesh Shrivastava, Dr. Rishi Gupta, Ms. Sonia Sharma and Mrs. Abha Sharma of University of Delhi, South Campus, New Delhi for providing me laboratory facilities, necessary help and guidance without any hesitation.

I would like to thank Prof. Reema Subhash and Prof. Vinayak Patel of P.G. Department of Home Science, Sardar Patel University, Vallabhid Vidyannagar, Gujarat for providing me instrumentation facilities.

My special thanks to Ms. Vaishali Patel (Dissertation student) for her kind help and support during my research work.

I extend my sincere thanks to the college office and Bio store staff, especially to Ms. Kalpana Mahant and Mrs. Sejal Patel for providing me necessary facilities and
help whenever required. I would like to thank all the sevak bhai of Biology store Mr. Vitthal Chauhan, Mr. Ramesh Parmar, Mr. Bhavin Patel, Mr. Suresh Parmar and Mr. Chetan Rabari for their kind co-operation.

My special thanks to Dr. Yogesh Kolekar for his help in protein analysis and interpretation of data.

I am thankful to the Department of Biotechnology (Sanction no. BT/PR9197/PBD/26/120/2007), Ministry of Science and Technology, New Delhi for their financial support throughout my work.

Council of Scientific and Industrial Research (CSIR), New Delhi, India is highly acknowledged for providing me Senior Research Fellowship (File no. 8/585/2012-EMR-1).

Writing this thesis was not the lonely experience it could have been because of cherished friends who provided enthusiasm and empathy in just the right doses. The wonderful companionship of Deval Shah, Ashmita Sinha, Priyanka Mittal, Amita Mundra, Meenakshi Prajapati, Sananda Chattarak, Leena Kriplani, Shivani Chitte, Sukanya Chattarak, Dr. Digant Chapla and many others ensures that I can only think back upon the last few years with feelings of fondness and reminisce.

Words cannot express the feelings I have for my grandfather, parents and brother Kunal for their blessings and unconditional support. Their love provided me inspiration and was my driving force. It is with their constant encouragements and blessings that I could successfully complete my work. I deeply acknowledge from the bottom of my heart their contribution to my life and achievements.

I also wish to thank my in-laws for their unconditional support and love.

And most of all for my loving, supportive, encouraging, and enduring husband Vibhorr, whose faithful support during the final stages of my Ph.D. is so appreciated. I am very thankful to him for the kind of hardship through which he has undergone when I was pursuing my research.

I would like to express an appreciation to those who are involved directly or indirectly during the execution of this task. Thank you very much.

Finally, I am very much thankful to the almighty for giving me strength and courage to complete my work peacefully and successfully.
