ACKNOWLEDGEMENT

I greatly indebted to my supervisor Prof. R. K. Trivedi, Professor, Department of Applied Geology, Dr. Hari Singh Gour University, Sagar (M. P.) who suggested me the area and field, encouraged throughout the research and for his critical assessment and reading of the manuscript. Without his personal care and motivation, this work could not have reached in the present form. It is my pleasure to put in to words heartfelt thanks and warm regard to him. I am also thankful to my Head of the Department, Prof. A. K. Shandilya, Department of Applied Geology, Dr. Hari Singh Gour University, Sagar (M. P.) for not only providing all necessary facilities for research but for valuable comments.

I am grateful to Prof. P. K. Kathal for his valuable discussion on the geology of Bundelkhand craton. Prof. L. P. Chourasia is thanked for his valuable suggestions and encouragement. Dr. Manish Kumar Purohit helped a lot during the analysis and I also benefited by his valuable comments and suggestions. I am thankful to Vinod Kumar Kannaojiya who kindly helped in preparing thin sections.

I am also greatly thankful to M. Tech 2012 and 2011 students, Department of Applied Geology, Dr. H. S. Gour University, Sagar (M. P.) who helped me at various stages during the research work. I am thankful to staff members of the Department of Applied Geology, Dr. H. S. Gour University for their kind cooperation in various ways during the course of study.

I thank with lots of warmth to K. P. Singh, Lecturer in Bilahra village, Sagar (M. P.) for his help and support during the field work. I extended my warm thanks to Ramprakash Prajapati, Ranger, forest dept. for his support and providing Guest House in Madawra and meal during the field without any cost.

Shrimati Meena Trivedi is appreciatively remembered for providing me a constant support. I sincerely express my indebtedness to her.
Tremendous help, mental support and assistance received from my family and wife are thankfully acknowledged.

Om Prakash Sahu and Lovelesh Soni are gratefully acknowledged for providing some of their published and unpublished data.

Sagar (M. P.)
