ACKNOWLEDGEMENTS

I deem it a matter of great privilege to express my profound gratitude to my supervisor, Prof. H.N. Bhargava, M.Sc., Ph.D. (Saug.), Ph.D. (London), F.N.A.Sc., who supervised the work with unflinching tenacity, painstaking interest and with keen critical insight. Despite many and varied problems, he always found patience and time to critically read and rearrange my manuscript, tables, graphs and other materials. I am indebted in more than one ways. It is due to his enlightened suggestions, analytical guidance and affectionate encouragement that a keen interest in this subject and a sense of responsibility for the discipline has been instilled in me.

I also wish to express my gratefulness to my co-guide Dr. A.K. Raizada, Reader, Department of Zoology, Dr. Harisingh Gour Vishwavidyalaya, Sagar, for his help in many ways during the course of this work.

It gives me sincere pleasure to acknowledge my deepest gratitude to Prof. B.K. Srivastava, Head, Department of Zoology, Dr. Harisingh Gour Vishwavidyalaya, Sagar, for his constant encouragement and constructive suggestions during the progress of this work and also for providing me all the research facilities in the Department at an academic level.
I take this opportunity to express my note of thanks to my senior colleague, Dr. P. R. Rajiv, for his help and encouragement during the initial stages of my experimental work.

I would be failing in my duty if I do not express my heartful veneration and gratitude for my respected parents, sisters and brother for their inspiration, and encouragement which enabled me to pursue my studies.

The award of a Junior Research Fellowship, under the project entitled "Studies on the colour-change mechanism and pineal organ of some fresh-water teleost fish and their probable role in biological rhythm" sanctioned to Professor H. N. Bhargava by University Grants Commission, New Delhi, is gratefully acknowledged.

Last but not the least my thanks are also to Neeta Typing Centre, Sagar, for the neat typing of the manuscript.

Sagar
