ACKNOWLEDGEMENTS

A thesis is not just research and written words, but a work of art in itself, which could not have been created without the support and assistance of the following individuals. I am deeply grateful to my first supervisor, Dr. Y.S.Alone for his unfailing support and encouragement throughout the process of researching and writing this thesis. Additionally I would like to thank my supervisor, Dr.R.K.Singh for his generous support and perceptive insights. It has been an honour to work with during the writing of this thesis.

I would also like to express my deepest gratitude to Dr.Ram Viranjan, who chaired the Dept. of Fine Arts and offered tremendous, diligent advice and guidance to this thesis. I am also grateful to Dr. Chiterlekha Singh for her enthusiasm, insight, and encouragement, and to Mr. Ravinder Sharma from the College of Art, Chandigarh for his excellent questions, suggestions and feedback that caused me to work harder to clarify this thesis. I am also deeply grateful to the all the artists who help me in this study and enriched my life in countless ways.

I would like to thank God as well as my family for all of their kind support and enthusiasm during this thesis. I would also like to acknowledge the kind support of fellow artists and friends for their assistance and guidance during this project, for which I am very grateful.
