ACKNOWLEDGEMENT

At the very onset, I would like to express my sincere thanks and gratitude to Dr. K.P. Guite who, in spite of his very tight and busy schedule allow me to work under him and guide me throughout the programme. He is not only personally supervising my work but his own Ph.D. Thesis – “Development of Education in the Hill Areas of Manipur” was immensely helpful to me and is one of the book I widely consulted throughout the course of this study.

I would also like to thank my parents Pastor & Mrs. Lalthlunglien, my uncle and aunt Mr. & Mrs. L. Kiemlo Pulamte for all their material and physical support, their encouragement and guidance that brought me up to this stage of learning from the beginning of my education.

I give my heartfelt thanks to Prof. Lal Dena of History department, Manipur University for his ever encouragement and suggestion for the whole programme and also sharing with me many of his books, articles, data and other study materials. Mr. L. Ruoivel Pangamte, Selection Grade Lecturer of Lamka Government College is kind enough to go through my writings and then discuss with me many points and lines and then sharing and suggesting his own ideas. I owe a lot to him.

My close friends, Mr. Crossthang Sanate of NEHU Shillong and Ms Ruolkumzo of Manipur University shared with me many of their study materials. I thank both of them I cannot imagine how this work of mine will complete without the help of these two Hmar researcher scholars.
I also thanks my good friend Lienhasang Puruolte of Rengkai, Churachandpaur for accompanying me in many of my field works and my brother Rolly Pulumte who help me in many Computer related works. I would be failing in my duty if I do not mentioned the names of Lal H. Varte of District Treasury Office, Churachandpaur, Lalzarlien Darngawn, Zonal Education Officer and all his staff members especially Mrs. Boboi Gangte, Deputy Inspector, Mr. Henkhum, Assistant Inspector and Lamkhotlong, Clerk for providing me all the data and information I require for the purpose of this study and then the Headmasters and Teachers of different school whom I visit and interviewed, some of them not just once but twice or thrice.

My long years involvement in the Hmar Students’ Association and Hmar Youth Association made me associated with many leaders and people of different age and status. This experience helped me a lot to gain and learnt many things that cannot be mentioned in details, and which become very useful towards this programme. I thanked all these countless numbers of persons with whom I have worked. I dedicated this work to all these people.

Lastly, but never the least, I thanked my beloved wife Dr. Rothangpui and my little daughter Maria Lalneihlim for allowing me to spent a lot of time outside the family and bearing the trouble of my absence from home. This work has taken away plenty of time which would otherwise, is meant for them. They are really the one who keep on supporting, encouraging and inspiring me to work and work for the completion of this project.

Above all, I thanked the Almighty God, for giving me good health and strength to be able to complete this work. Praises to him.

(John H. Pulumte)
