It is a great pleasure to express my sincere thanks and heartfelt gratitude to my respected teacher Professor R.P. I am highly indebted to him for his kind help without which it was not possible to complete this study.

I am also thankful to Shri Y.imo Singh of the DSTE Project on Thoubal.
Basin Catchment Study in the Department for his help in various ways.

I would be failing in my duty if I do not acknowledge with thanks the cooperation and congenial attitude of the officials and their staff at the district and block headquarters in the valley, while collecting data and information from their respective offices. I am especially indebted to Shri P. Narenderakumar, APO, Thoubal and the Deputy Commissioners, Imphal, Thoubal and Bishnupur for their valuable help.

I thankfully acknowledge the help of the authorities of the Directorates of Census Operations, Economics and Statistics, and Planning for providing me the required data and official reports about the demographic and poverty situation in the region. Besides, the positive response and help of the people, interviewed during the field survey, enabled me to understand the problem at the grass-root level. I thank them all.

My thanks are also due to my friend Shrimati A. Sanahanbi Devi, my nephew Shri Md. Azad, and several others for their help in accompanying me during the field work for collecting materials in connection with this work.
I express my indebtedness to my parents and sisters, who have always inspired and helped me in carrying out this study smoothly amidst congenial domestic environment. I also express my thanks to Shri Hidam Herachandra Singh for meticulously typing the thesis.
