LIST OF TABLE

2.1 Temperature Data for Rohtak district
2.2 District Rohtak rainfall (in cms.)
2.3 Direction of winds
2.4 Relative Humidity & wet bulb temperature °C
2.5 District Rohtak, growth and variation in population (1901 to 2001)
2.6 Literacy rate in the blocks of Rohtak district
2.7 Occupational structure (District Rohtak)
2.8 Projected population and per capita cultivated land of district Rohtak
2.9 Distribution of settlements and population size in Rohtak district
2.10 Result of N.N.D. analysis of settlements.
2.11 Trade and commerce: Import, Export and Manufactured commodities
2.12 Different type of vehicles in Rohtak district
3.1 Rohtak district: Land use (2001-02)
3.2 Changing cropping path (1980-81, 2002-03)
3.3 Spatial distribution of cropping pattern 2005-06
3.4 Per hect. input value of Wheat
3.5 Per hect. input value of Rice
3.6 Per hect. input value of Bajra
3.7 Per hect. input value of Jowar
3.8 Per hect. input value of Pulses
3.9 Input/output Ratio of different main crops in Rs.
3.10 Use of agriculture machinery and consumption of fertilizers (1966-67 to 2003-04)
3.11 Indicators of agricultural development and values 2005-06
3.12 Levels of Ag. development
3.13 Caloric availability in the study area
4.1 Large scale industries in different district
4.2 Rohtak district: Growth of small scale industries
4.3 District Rohtak: Cottage industries (2002)
4.4 Development potentials (block wise)
5.1 Distribution of primary schools according to population size
5.2 Distribution of middle school according to population size
5.3 Distribution of secondary schools according to population size
5.4 Distribution of senior secondary schools according to population size
5.5 Distribution of R.M.Ps according to population size
5.6 Blockwise: Average served area, villages and population per medical dispensary
5.7 Distribution of dispensary according to population size
5.8 Distribution of P.H.C. according to population size
5.9 Distribution of branch post office according population size
5.10 Distribution of banks according to population size
5.11 Distribution of Agricultural co-operative societies according to population size
5.12 Weight score for variables
5.13 Number of settlements according to hierarchy order (centrality score)
6.1 Number of villages which do not have the bus services
6.2 Rohtak district: distribution of road length
6.3 Connectivity of roads
7.1 Proposed pattern of spatial integration and functional relationship for the district
7.2 Existing and proposed growth centres and their functions with hierarchical order
