Acknowledgement

Every journey has its end and reaching one's destination is not a personal success, but is the eloquent victory of the crew who keep the ship diligently and splendidly ahead triumphing over the tempest.

At this junction I wish to acknowledge my indebtedness to all who assisted with the completion of this thesis. All praise are due to God, first and foremost I thank God, the Generous for having finally made this humble effort a reality. I praise him because if it were not for his graciousness, it would never materialize, as he himself reminds "Hard work beats talent when talent doesn't work hard."

It's beyond words to express my gratitude towards to my esteemed guide Prof. K.S. Pitre, Department of Chemistry, Dr. H.S. Gour University, Sagar, I feel blessed, privileged and mighty proud to have been associated with a scientist of his status, stature and caliber, His personality as a valuable academician, excellent researcher, proficient administrator and sincerity and punctuality towards work and always motivated me. His constructive criticisms, affectionate words and ever available patience always kept me motivated to perform the best even in the oddest circumstances.

I wish to express my sincere thanks and gratitude to Prof. J.T. Rao, Head, Department of Chemistry, Dr. H.S. Gour University, Sagar (M.P.), for providing all the necessary facilities during his Headship to carry out this work.

I offer my warmest acknowledgement to my respected teachers, for imparting their valuable knowledge, help suggestions and laying the foundation of Chemistry in me during my academic career.

There are special mentors that I must acknowledge not due their importance in my work but because of their evergreen contribution in shaping my thesis work. Their belief in me sharpens my level of excellence. I accord my heartfelt thanks to Prof. Govind Dwivedi, Dr. R.N.Yadava, Dr. A. P. Dubey Dr. Yadendra Rohan and Dr. Ratnesh Das.

I owe my respect to all the non-teaching staff for providing me timely help during my lab works and was always ready to help like their kinds.
I am thankful to Mr. Manish Kshetrapal and Vijay Tamrakar for providing me technical support, because of which could complete my experimental work in time.

The continuous, unremitting, unconditional help from Dr. Praveen Tamrakar and Dr. Swati Jain has stood me in good stead through uncertain and trying situations. It is really hard to imagine the completion of this work without their assistance.

I am thankful to all the research colleagues, in the Department especially Dr. Ashutosh Mishra, Dr. Nalini Shrivastava, Sweety, Niyati, Garima, Kirti, Santosh, Anurag, Sangeeta, Hemant, Neetesh, Dr. Shruti, Jeetendra, without their valuable help I could not completed my research work.

I place on records unrevealed but inspirational support of my seniors especially of Dr. Imarana, Dr. Jyotsana, Dr. Vandana Dr. Suchita.

Heart of each relationship is the true friendship, which is an essential ingredient of life. Thanks for all beautiful moments given by the precious jewels of 9 golden years of my life, Dr. Rajendra Yadava, Dr. Narendra Choubey, Divakar Dinesh Mishra, Dr. Mithilesh Choubey, Manoj Jain (Badda), Dileep Baleja (Karu Bhaiya), Adv. Manoj Tiwari, Dr. Mashkoor, Dr. C.P. Patel Rakesh, Mahesh Lachoria, Ittu, Kamlesh Sahu, Brajesh Kapasaya, Shayamu Gupta.

Friends are intimate associate with whom I have shared each and every moment of my Sagar life and enjoyed fighting and parties with K.K., Pappi, Mis. Kavita.

Sometimes it becomes really hard to pick up the right words for those whose love and care are fathomless. All words could not sum up the contribution of my Mummy and Papa, in my ascent to this achievement. They gave much more than I ever asked. They have been my pillar, my stone of strength. Their love and care for me is pure and divine.

Bhaiya and Bhabhi whose continued flow of moral suggestions, and support at divergent stages of laughter, love and tears with their naughty jibes boosted my spirits, they owes a lot, being very special for me.

Diwakar Verma
