ACKNOWLEDGMENT

It is a pleasure for me to make here a grateful acknowledgment of my indebtedness to Prof. D.K. Bhawalkar, Head of the Department of Physics, for his suggesting the problem and guiding throughout the course of my work. I am thankful to the teachers of the Department and fellow research workers who have built up a fine tradition of co-operation by which I have derived great benefit. In particular, I must acknowledge my gratefulness to Dr. A.P. Srivastava, Shri S. Sivaraman, Dr. V.B. Agnihotri, and Shri R. Nath for their constant encouragement and helpful discussions and to Shri B.L. Sharma for assisting me in preparing the diagrams reproduced in the thesis.

I am also thankful to the Ministry of Education, Government of India, for granting me a Senior Research Training scholarship, which enabled me to undertake this work.
