Acknowledgement

It gives me great pleasure to acknowledge the help, inspiration and exportation I have received from a great number of my friends, colleagues, teachers and relatives.

I was extremely fortunate in having the guidance and supervision for my research work of my supervisors of Dr. R.K. Pandey and Dr. P.K. Khare who have not spared themselves in seeing the work through. They most generously devoted myriad hours of their valuable time. Without their erudite guidance the present work would not have seen the light of the day. I express my profound sense of gratitude to them.

I can not forget the unflinching support and co-operation of my wife Archana who has all along stood by me ungrudgingly all these years. She has been a perennial source of inspiration to me.

I would be failing in my duty if I do not express my gratitude to my gurus, beloved father Shri B. P. Jain, mother Smt. Jamunabai Jain, my sisters, brothers, relative and daughters Pranjali and Palak who remain as constant source at inspiration and encouragement that lead me to complete the present work.
