ACKNOWLEDGEMENT

In acknowledging debts of gratitude my grateful appreciation goes first and foremost to my teacher and guide Dr. (Mrs.) Sushila Joshi, Botany Department, Government Model College of Science, Raipur, under whose guidance, help and encouragement the present study has been conducted.

I am deeply grateful to Dr. S.S. Joshi, Chemistry Department, Government College of Engineering and Technology, Raipur for his keen interest and valuable guidance throughout the course of these studies.

My sincere thanks are due to Dr. S.N. Agarwal, Vice Chancellor and Dr. S.S. Ali, Professor and Head, Bioscience Department, Rashishankar University Raipur for facilities extended to me during the progress of this work.

I express my thanks to Dr. P.C. Kamra, Principal Govt. Model College of Science, Raipur and Shri R.K. Telang, Principal, Govt. College of Engg. & Tech. Raipur for providing facilities to carry out this work. I am also thankful to Prof. Dr. A.K. Rajpal, Chemistry Deptt., Govt. Engineering College for providing facilities.

Thanks are also due to Dr. B.R. Verma, Professor & Head, Dr. V.B. Sharma, ex Prof. & Head, Botany Deptt., Govt. Model College of Science, Raipur, Dr. T.S. Nehrotra, Professor, Medical College, Raipur, Dr. H.L. Hall, Teacher
and Dr. Preeti Kulshrestha, Biotechnology Department, Ravishankar University, Raipur.

I am indebted for the kind help and blessings of my teachers in the Botany Department.

I am thankful to Dr. G.N. Navameth, Director, Regional Sophisticated Instrumentation Centre, Nagpur University, Nagpur for analysing some samples of protein hydrolysates by Automatic Amino Acid Analyser. I express my thanks to Dr. Mrs. Shanta Satyanarayan, Senior Scientist, NERI, Nagpur and Dr. S.S. Kore, Marathwada Agricultural University, Parbhani for analysing some samples of protein biomass for their crude protein contents.

A word of thanks is due to the Director, CII, Kew for confirming the identity of fungi.

The excellent typing work of Mr. T.V. Devakarana is thankfully acknowledged.

The present studies would not have been possible without the blessings of my respected father before he expired and constant encouragement from my mother to both of whom I am very much indebted.

I acknowledge my thanks to my younger sister Neelima for her invaluable help in the physical preparation of the thesis and who patiently undertook all the troubles during my research work, for which I am indebted to her.
